Volume Thirty

PUBLISHED BY THE STUDENTS OF THE RICE INSTITUTE

Ella McAshan, Editor
Mary Jo McGinnis, Business Manager
To the Students
of the Thirty-Third Academic Session
of Rice:

We salute you as comrades, one of another, for the waging and the winning of the war. Circumstances of great good fortune to you have linked your lives to large issues. The issues call for purpose, courage, energy, character, and patience, on your part, and in degree commensurate with the large dimensions of the issues themselves.

It is because you have been meeting these searching requirements and have been acquiring technical training as well that we are counting on you to make good on any and every front. Your immediate objective and ours is victory over the aggressor. And our next nearest objective is to prevent the recurrence of such aggression.

Your equipment for the achievement of these high ends embodies many elements of our common inheritance. You have health and mind, which Menander said are the two blessings of life. Two thousand years later William Congreve said that uncertainty and expectation are the joys of life. You have been harassed in the midst of both. A great Athenian said, "Happiness is freedom, and freedom is courage." Twenty-two hundred years later a great Virginian echoed the same in "Give me liberty or give me death." You fight that every man may possess his own soul in health of body and mind. You fight that each one of you may face his own uncertainty and expectation. And you fight to the death for the freedom to work out your own salvation in the fear of the Lord. You have always known the freedom, and you own no other.

For many of you, ties of comradeship and association that have bound you to us and us to you are soon to be severed for a season. We recognize with pride that you are going out into the services. You in turn may recall with satisfaction the strengthening of will, the enrichment of mind, and the training of character, you have found here. For the enhancement of your usefulness in the present you have been deriving wisdom from the past and warnings for the future. These illuminating signals stand out as signposts from the anticipations of science and discovery, and the interpretations of history and conscience. In neither one of these realms of science and discovery, or of history and conscience, is there unanimity, but the searchlights of both realms traverse the chief domains of nature and of human nature that continue to engage the energies of man's unconquerable, inquiring mind. But whether of wisdom or in warning, from history or from science, we in this place are of one mind in our passion for justice, our horror at the betrayal of western civilization, our irrevocable determination to recover that civilization, and our zeal for restoring conscience and moral law to the common ways of men and women on this planet.

When you come back with victory we shall be waiting for you, ready to carry on where you left off. You may not bring the millennium with you, but you will bring a better day with you and you will have brought the millennium nearer to all of us. Great opportunity and great responsibility will have taken your measure and have not found you wanting. And the best token that you will resume your spiritual welfare after the war lies in the discipline and devotion to duty that will have carried you through the war. This is at once my earnest belief and eager wish for you.

EDGAR ODELL LOVETT
RICE HEROES

From January 1944 to August 1944

Bayard Turner Gross Dudley
1945: Lt., A.A.F.; killed in France, December 31, 1945

James Wesley Martin
1943: Lt., A.A.F.; killed in an air crash, Laredo, December 5, 1943

Albert R. Mace, Jr.
B.A., 1938; Lt., A.A.C.; declared killed April 11, 1944, following a flight, February 18, 1944

Meador Dean Francis
B.S., 1944; Ensign, U.S.N.R.; killed in action in the Southwest Pacific, June 12, 1944

Alfred Ryland Howard
B.A., 1935; Lt., A.U.S.; killed in France, July 4, 1944

William John Gelder
B.A., 1940; Captain, A.U.S.; killed in Normandy, August, 1944

Thomas Francis Vickers, III
B.S. in P.E., 1939; Major; killed in an air crash, August 16, 1944

Quincy Coulger
1939; Lt., A.U.S. (Paratroops); killed in France, June 6, 1944

Donald Ray Sills
1944; Lt., N.A.C.; missing since April 11, 1944; death confirmed—plane dived into sea

William Andrew Barton
B.A., 1935; Lt. Commander, U.S.N.R.
WHILE another school year has passed and many changes have appeared at Rice, there must be a lasting record to enable the students to recall this present scholastic and social year of 1944. We have intended this book to be such a record, and one which will give you some pleasure to read now and lead to pleasant memories whenever you look through it in the days and years ahead of you.

In tribute to an understanding friend and trustee of the Rice Institute who has stood ready to help the school in any way possible.
Board of Trustees

The Board of Trustees of The Rice Institute is a self-perpetuating body of seven members elected for life. The original group was elected by the Founder, and consisted of himself, and the late Messrs. W. M. Rice, James A. Baker, C. Lombardi, E. Raphael, J. E. McAslan, F. A. Rice, and A. S. Richardson. In addition to these gentlemen, and the present members of the board, there have been only two other members—the late Messrs. E. A. Peden and R. L. Blaffer.

The diligent efforts of this body of men have done a great deal toward furthering The Rice Institute.

Every student in the Rice Institute is a member of the Student Association and the Student Council acts as the governing body of this association. The purposes of the council are to control all the student publications, to direct all elections, to supervise the disbursement of all association moneys, to appoint all committees necessary for the regulation of student activities, to use discretionary powers in matters requiring immediate action, and to issue blanket taxes.

The council consists of twenty members who are elected to represent their classes. The Faculty advisor is Mr. J. T. McCants. The council has been capably led this year by its president, Rusty Darling, and has aided greatly in making the many wartime adjustments that have become necessary in the management of school affairs. A Red Cross Drive was successfully organized as well as the selling of War Bonds and Stamps. The annual All-School Picnic was held in September bringing to a close the activities of a successful year.

The Women’s Council, elected by the women students each year, acts in behalf of the women of the Institute. The Council, composed of two seniors, two juniors, and two sophomores, appoints a freshman representative and a member-at-large who serve as full members.

It assisted the Student Council in giving the All-School Picnic, and also aided in entertaining the alumni during Homecoming.

With Miss Sarah Lane as advisor, the council strives to serve the women students as is its purpose.

President
Vice Chairman
Secretary

The Honor Council is the representative of the student body in the maintenance of Rice's Honor System. It is an elective body composed of four seniors, three juniors, and two sophomores. Two freshmen are appointed by the Council each year to serve as advisors.

Acting under its constitution, the Council interprets the Honor System rules and judges cases of dishonesty which are brought before it. Speeches are delivered by members to acquaint incoming students with the purpose of the Honor System. As an organ of student government, the Honor Council requires the support of the entire student body to function successfully.

ORGANIZATIONS
MINUTES

The meeting was called to order at 2:00 on Friday, 1944. The minutes were accepted.
This year most of the great amount of work that must be performed to put out a yearbook was done in the last four months due to the uncertain conditions concerning the book’s existence. Recognition and praise should go to the many people who cooperated willingly and happily with their fine efforts. Betty Bills Broyles who was elected and served as Editor the first half of the year deserves a great deal of praise for her efforts. Estelle Lindsey and Peg Monroe worked unceasingly with the Faculty section; Alice Picto Craig did a fine job working on the class pictures; Reba Bethea and Margie Strop make a special deal of credit for their efforts in getting the Organizations together; George Cook as head of Sports did an excellent job; and Frances Herman, in particular, is due credit for designing the cover, the opening pages and the sketches opposite the division photographs.

Others who gave freely of their time and helped willingly whenever needed were Evelyn Nicholson, Alison Croom, Dorothy Lottman, Ann Landrum, Ann Martin, Pat West, Lida Kitrell, Mary Jane McNair, Alice Marion Dennard, Jack Joplin, Muriel Weeks, Lawrance Davis, Marie Jo Johnston, Ellen Picto, Beth Hummel, and Sarah Ann Rain.

Special notice must be made concerning the photographers for this book. Lynn Peters and Murray Smyth left Rice after taking a few pictures, and left the Campanile without an official photographer. Pat Ryan came to our aid and deserves a great deal of credit for his pictures which appear in every section of the book. He did a fine job while speeding up his work to get pictures in on time. Bob O’Keele deserves credit for pictures of the dances and John Dietrich, John Hays, and Bob Talley were very helpful by turning in their pictures of the Navy boys. Credit is also due many girls who have cameras and have willingly handed in their pictures for Campanile use in the Sallyport Section. Among the ones who deserve credit are Dorothy Marshall, Beth Hummel, Doris Jean Depenbrock, Louise Loose, Peggy Binton, Margie Strop, Mary Jane McNair and Bobby Sahd. For excellent work and for helping at a crucial moment, credit is due Mr. M. H. James, who is responsible for the division page photographs and a great number of pictures which appear in the book.

PEGGY WEATHERALL

The Business Manager wishes to take this opportunity to express her thanks to the members of her staff. The task of securing ads has not been an easy one, with unsettled business conditions due to the war, and the late start caused by waiting for approval from W. P. B. for our paper. We are also indebted to the business firms and individuals who cooperated with us and we are especially grateful to the Southwestern Engraving Company of Ft. Worth and the Gulf Publishing Co. of Houston who were very helpful in every way. Without the excellent work of Kathleen Carter, Jane Raubold, Evelyn Burke, Kiki Smith, Joyce Berwick, and many others, our publication would have been impossible. Everyone involved has worked hard and I hope the book is a true reflection of these efforts.
Throughout this school year the Rice Owl seemed to be appreciated more than ever. Many letters have come in from service men thanking us for their copies. As in years past the Owl Staff has presented to the students, faculty, and alumni a magazine that truly represented the activities and interests of the Institute. The 1944 Staff has done a commendable amount of work and maintained a high standard in issuing four copies that were received with great praise.

The dances, elections, sports and other activities of the school were recorded in the Sallyport section, while Fortissimo revealed secrets and disclosed the latest gossip. Members of the faculty took their turn in writing interesting articles, and many short stories written by students appeared in the Owl. News of the Classes, Rice Owls in Service and Letters from Overseas enabled the alumni to know where their fellow classmates were and what they were doing. Included also in these issues were poetry, cartoons, Navy news, and an Owl Hoot column.

The pictures this year seemed better than ever. In every issue there was a full page of campus shots and another page revealing special people and events. The rest of the magazine was crowded with pictures of the Navy, co-eds, faculty, and alumni. Students of representative groups were on the photographed covers. Mr. M. H. James did a remarkable job in taking a great many of the pictures.

Thanks go to the advisory committee, publication committee, Gulf Publishing Co., the editor, the business manager, and to the many students who contributed stories and items.
The Thresher

Officers

PAT JARRARD

Reporters: Betsy Atkinson, Lucy Quinby, Beverly Taylor, Camille Dockery, Evelyn Burke, Marie Jo Johnston, Muriel Wicks, Anne Eckel, Mary Jane McNair, Preston Frazier, Gladie Jo Walter, Marjorie Holland, Catherine Henry, Jean Brock, Graham Bolton, Dorothy McCleary, Katherine Thompson, Ella McAslan, Rock Williams, Marjorie Reyass, and Sadie Gwin Allen.

The Thresher has undergone various hardships this year, not altogether due to the three years at war the publication has faced, but to the financial difficulties which at times seemed unsurmountable. Despite these difficulties the staff has tried to bring to the campus a correct analysis of the news from the civilian activities as well as those from the Navy units.

If special credit or honorable mention were to be given to any member of the staff, all of them would share in the spotlight. Every member of the staff is to be commended for his diligent work and loyalty to the Thresher. The enthusiasm shown by all members has been most gratifying and has been largely responsible for the success of the paper this year.

Our whole hearted thanks also goes to Mr. John L. Scardino, who has continued with the publication of the Thresher during these trying times and who has always been ready to lend a helping hand whenever necessary, for which we are ever grateful.

The Elizabeth Baldwin Literary Society was named after the wife of William Marsh Rice, founder of Rice Institute. This society was founded in 1913, and was the first of the three societies now on the campus.

The club has been very active on the campus, both scholastically and socially, and has contributed to the war effort in many ways during the year. A contribution was made to the Red Cross, and once a week the E.B.'s rolled bandages to help the Red Cross fill their quota for the wounded boys. Literary activities of the club included membership in the Book of the Month club and the beginning of a library for Navy boys and civilians at Ayer House. Charitable activities included two contributions to the Faith Home. In addition, the club's annual scholarship was given to a young woman of Rice to help her attain an education.

The E.B.'s took part in the girls' softball intramurals this year and in July they presented "Paris of Patience," an old-fashioned melodrama which was given for the navy and civilians. The entertainment was greatly enjoyed by everyone.

Social activities for a very successful year began with the pledging of five new girls, who were entertained at a reception at the Warwick Hotel. An Easter Egg Hunt was held for members and their dates; a slumber party was given by the pledges for the members; and on Mother's Day the members entertained their mothers with tea. The annual Bay House, which lasted a week, was well attended. A formal initiation for the pledges was given and the new members then entertained the old members with a luncheon. The annual formal, with "Havana Holidays" as the theme, which makes possible the club's scholarship, was given at the Rice Terrace with an open house before it for the members and their dates. In addition to these affairs, there were many informal get-togethers and slumber parties.

Among the members there were six representatives to the Student Council, three members of the Honor Council, the first Editor of the Campanile, and its Associate Editor who became the second Editor of the Campanile, the Business Manager of the Campanile, the Editor of the Thursday, the Editor of the Owl, the Business Manager of the Owl, the President and Vice President of Roll and Quill, the Sweetheart of the Engineer, a Cotton Duchess, the President of Pi Delta Phi and two other members of that organization, one member of Phi Beta Kappa, one Beauty and nine Favorites.

The Pallas Athene Literary Society began an active year with the pledging of nine new members.

In the spring, the society gave its annual Easter party for the children of Rusk settlement. Many contributions were also given to honorable charities through the term.

Socially, the society was also active. The PAL dance, given annually to raise money for the Pal scholarship, had as its theme, “Summer’s Night Dream.” The Rice Terrace was appropriately decorated in this scheme. A picnic was given early in the term at one of the member’s farms; and during the week’s summer vacation, a hay party was given. The pledges were initiated at the annual formal dinner at River Oaks Country Club. The pledges entertained the members with a swimming party, and the members entertained the pledges with an open house.

Among the many offices held by the members were Vice President of the Junior Class, Vice President of the Honor Council, Secretary of the Student Association, two members of the Honor Council, and the freshman representative to the Women’s Council.

Honors received by the members included the Rice Representative to the Texas Round-up, Queen of the Junior Prom, Associate Editor of the Campanile, and five Favorites.

The members were also active in the student publications and campus activities, the Pals’ baseball team winning the Girls’ Intramural Baseball Championship. The society also sponsored a L. S. M., which was launched at Brown Shipyards.

The Girls Club of the Rice campus, sponsored by Miss Lane, is an organization to which all girls may belong. The meetings are held twice a month at 12:45 in Autry House.

The club has carried on an extensive activity program in the past year. At the beginning of the term a coke party was held honoring freshmen. This year the club sponsored a vice-versa dance “The Spinster Special,” held a picnic at Memorial Park, swim at midnight in the Tennis Club pool, and a Scavenger Hunt for members and their dates. The Girls Club also organized a baseball team to participate in intramurals, and helped entertain at Autry House. At each meeting musical programs are often presented, consisting of student talent.

The beginning of this year found the Rally Club hard at work ushering for the basketball games. The pace of school activities lessened during the summer months, but the Rally Club was able to carry on with much success and ended the year with a burst of activity which included the ushering at the football games.

The club again responded at the All-School Picnic and helped to make it one of the outstanding events of the year. A generous donation was made by the club to the Shriners Cripple Children's Hospital.

The members took part in various intramural sports at the beginning of the year and were able to win the basketball championship. Several teams were entered for the fall session of intramural sports.

The social calendar included picnics, a swimming party, and numerous, informal, Saturday night get-togethers. The social year culminated with the annual banquet and dance. This was a fitting way to bring a pleasant year of unsurpassed activity to an end.

The Rice Engineering Society, organized in 1915, is the oldest organization on the campus. The purpose of the society is to promote fellowship among the engineering students and allow them to become personally acquainted with practicing engineers.

Through the Engineering Alumni Association, the society has heard several good talks presented by eminent engineers, and has had several good films shown during the year.

As to the social side of student life, the society presented the "Engineer," one of the best all-school affairs of the year, and a party at the Spring Branch Gun Club. The traditional Engineer's Banquet and initiation at San Jacinto Inn rounded out the social activities of the Society for this School Year.

Secretary-Treasurer

The Rice Branch of the American Institute of Electrical Engineers has two aims: first, the presentation of informative programs and speakers to acquaint members with personnel in industry and problems encountered in the electrical and other engineering fields; and second, to promote fraternal fellowship through the provision of varied social functions.

The AIEEE held meetings regularly every two weeks. Among the programs presented were talks by prominent engineers on various phases of the profession, motion pictures on uses of different types of electrical equipment, a talk by Captain Redgrave, USN, a demonstration of Army Communications Equipment, and a demonstration of the War Emergency Radio System.

The Rice Branch was represented at the National Convention in St. Louis by the local chairman and the counsellor. A full report of the convention was made to the Branch membership.

The social activities of the AIEEE this year included a picnic and dance at MacGregor Park, a stag swimming party at Hot Wells, a swimming party and dance at Houston Tennis Club, and the traditional end-of-year party.

The purpose of the Student Chapters of the American Society of Civil Engineers is to give the student a clearer picture of work in the engineering profession.

In connection with this the Rice Student Chapter has presented several interesting speakers at meetings throughout the year. Probably the most outstanding speaker was Mr. James E. Jagger, Acting Assistant Secretary of the American Society of Civil Engineers, who made a talk on the aims of the Society.

No inspection trips were held during the year due to difficulties brought on by the war.

The Rice, or Beta of Texas, chapter of Phi Beta Kappa—oldest of American college honorary societies—was installed in 1929. Members of the Senior class who have attained high scholastic distinction are annually chosen to membership. In May the following members were elected and initiated: Margaret Anne Eckel, William Delany Walker, Jr., and Betty Sue Young. The roster of members from the present Senior class was completed in August by the election and initiation of Alison Campbell Croom, Mary Clarke Jarvis, Elizabeth Ann Sterling, and Margaret Patricia Sullivan.

The Tau Beta Pi Association was founded at Lehigh University in 1885 to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, and to foster a spirit of liberal culture in the engineering colleges of America. The selection to membership is based upon integrity; breadth of interest, both inside and outside of engineering; adaptability; and unselfish activity as well as outstanding scholarship.

The three senior initiates elected in May were John H. Wallace, James B. Allen, and Patrick O. Beaden. A dinner dance was held at the Empire Room in their honor. The Annual Tau Beta Pi Sophomore Award was presented to an outstanding Sophomore Engineer at the annual Engineering Society Banquet.

Tau Beta Pi pays tribute to one of its members, Meador Dean ("Chuck") Francis, who gave his life in his country’s service while on duty in the Pacific, three months after receiving his commission and degree from Rice.
Pi Delta Phi

Officers

MARY ELLIS President
MARY CLARKE JARVIS Vice President
GEORGETTE MORAUD Secretary
BETTY MOHR Treasurer

The Theta Chapter of the French honorary society, Pi Delta Phi, was founded at Rice Institute in April, 1930, and since that time has taken 205 pledges, chosen from the highest ranking students of French.

The social activities of the Rice chapter have been deliberately curtailed owing to war conditions, chiefly owing to a desire to remain above any hint of propaganda. As soon as the war ends the chapter will offer regular programs of entertainment, lectures in French, French plays, French films, and book reviews. It will also resume its singing.

Meanwhile the organization has undergone a slight change. Instead of a group of honorary associate members, as in the past, the Rice chapter will have a group of active sponsors who will collaborate with the regular members in entertainments to be given outside of the Rice Institute and in the common effort toward creating a fund for traveling scholarships. This year the chapter sponsored two French plays presented in the Palmer Gymnasium.

An annual meeting and formal initiation of pledges took place at Cohen House where the officers were elected. The new initiation was held in the fall.

The Student Religious Council is an organization composed of representatives from each of the various religious societies on the campus, for the purpose of uniting these groups to a closer cooperation in furthering the religious activities of the campus.

Among the activities of this school year have been an open house at Autry House at the first of the term to introduce the newer students to those already oriented, and an Easter program held in Palmer Memorial Church in which students of the many religious beliefs found on the campus were participants.

The Ave Maria Club has become one of the leading religious organizations on the campus. Since the club’s organization last year, the Catholic students have taken a great interest in its activities.

The members have attended Mass and received Communion in a body frequently during the year. A breakfast always followed.

The year’s entertainment program started off with a Get-Acquainted Party for the new members. This was followed by a picnic at MacGregor Park and a bay party at the summer home of one of the members.

The meetings were held every other Thursday at 1:00 in the Senior Commons. This enabled the Navy men in the club to attend regularly.

The Baptist Student Union

The Baptist Student Union is the connecting link between Baptist college students and the local churches. Its aim is to enlist these students in every phase of local church activities and to deepen the spiritual interest on the campus. Every Baptist student is a potential member. He becomes an active member when he joins a local Baptist church, Sunday School, or Young Peoples' Union.

The B.S.U. is promoted by the Southern Baptist Convention and the work on this campus is under the direction of an executive council and two counselors, one a student secretary and the other a faculty advisor. Miss R. F. Slack served as student secretary until March 15, when she left for overseas service with the Red Cross. Miss Betty Veatch then served as acting student secretary until July 5 when Miss Ardelle Hallock arrived to assume that duty. Mr. H. M. Morris is the faculty advisor.

Activities for the year include a Spring and Fall retreat, an annual banquet, socials once a month, publication of the bi-weekly paper "The Local Student," and prayer meetings Mondays through Fridays at 12:25 p.m. in Autry House.

Canterbury Club

Officers

DORIS DEPENBROCK  President
BETTY LANDRIAM  Vice President
LIDA KITRELL  Secretary-Treasurer

To promote fellowship among the Episcopal Students, and to plan corporate worship for them—this is the purpose of the Canterbury Club.

Corporate communion is held the first Friday of the month at Palmer Chapel and is followed by breakfast at Autry House. Once per month a meeting followed by lunch is held, and a social gathering, as a swimming party, or dance, is also planned.

The club has participated in activities of the Student Religious Council. Many plans have been made for the ensuing year to include more and more of the Episcopal Students and their friends in the club.

The Christian Science Organization of the Rice Institute is a branch society of the Mother Church in Boston, Massachusetts. This organization has been recognized by the Mother Church as an affiliated organization thus denoting progress.

Members meet every second and fourth Thursday of the month at 7:30 p.m. at Autry House. These meetings are devoted to the reading of the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy. Announcements of these meetings may also be found in the Christian Science Journal.

The organization is sponsored by Mrs. Kate Rice Neuhaus and Mrs. Eleanor Joiner.

The Navy men interested in attending these meetings were granted special liberty to come, provided their grades were satisfactory.

The student body and members of the faculty are always welcome at these meetings.

The Menorah Society, one of the first clubs organized on the campus, has had another successful year in promoting good fellowship among the Jewish students at Rice. At its meetings held every other Sunday at the different homes of its members, the Society has planned and carried through various cultural and social activities.

The club has been frequently addressed and led in discussion this past year by leaders of B’nai B’rith, national Zionist organization and enthusiastic supporters of Menorah. Also in line with its cultural program, the Society has presented several successful musicales.

The social activities have been especially successful. A picnic was held at the beginning of the term for incoming freshmen, and numerous house parties and outdoor gatherings have been presented throughout the school year.

Menorah has helped serve at the Wednesday night dances, has been active in War Bond sales on and off the campus, and is particularly proud of its many members serving with the armed forces.

The MSU is organized for all the Methodists on the Rice campus and has been very active this past year. Each Tuesday at 12:15 the members meet at Antry House for the programs, and lectures, which are usually presented by local speakers. Rev. H. E. Holmes is advisor and director of the group.

The social activities of the year have included a most successful hayride, a watermelon-swimming party at the Tennis Club, and a magician show.

The MSU is organized to bring a closer fellowship among Methodist students at Rice. Problems of interest are presented at the meetings by renowned speakers. The Navy boys are allowed liberty for these weekly meetings.

The Student Affiliate of the American Chemical Society

The purpose of the Student Affiliate is to enable students of chemistry and Chemical Engineering to become acquainted with professional applications of the profession in which they plan to enter, and to create a professional association which may later prove to be of value when the student goes into the industrial phase of his chosen study.

At the monthly meetings, talks are given by men in industry and also by various members of the Rice chapter. These talks are usually of scientific interest and usually result in exchange of views and ideas on the various commercial phases of science.

Members of the Student Affiliate are not members of the American Chemical Society; but, upon graduation, they may become junior members, and subsequently, full members of the Society. The numerous publications by the American Chemical Society, which present records of modern advances in chemistry and related engineering fields, are open to members of the affiliate. Finally, a connection between the Society and the affiliate is made by Dr. G. H. Richter, the faculty sponsor.

The Rice chapter of the Student Affiliate is one of the first four organizations of its kind begun in the United States, its charter having been granted in December of 1937. Since that time, the Rice chapter has been the largest in the United States, and has been recognized several times by professional journals.

Activities of the Student Affiliate are the results of cooperation between the various members and the faculty. During the last school year, a very successful watermelon party was given for members of the affiliate, and a well-received party was given later in the fall. This excellent showing means that, in spite of limiting conditions, the affiliate can be just as successful as it always has been.
Rover Scout

Rover Crew No. 1 of the Sam Houston Area Council was organized in the fall of 1945 to provide Rice students an opportunity to continue their scouting activities while being of service to Rice as well as receiving additional training and recreation. Sponsored by the First Presbyterian Church, which provides a Crew Committee and Leader, Mr. C. W. Gribble; the crew has expanded rapidly from its original membership of J. P. Anthony, Charles Beecher, Hugh Blazek, Richard Collins, Frank Lawrence, John Pound, and organizer, Dick Bunker. Much credit for the troop’s success must be given to their active program and excellent leadership. Barbecues, swimming parties, dances, inspections of the shipyards, and patrol cruises with the Coast Guard have been typical activities. A motor cruiser loaned to the crew by Dr. J. W. Slaughter has provided many good times and the opportunity to gain practical experience. As the first organization of its type in this section of the country, the Rover Crew has been a big step in the advancement of scouting interest and has proved itself to be of great value as a campus activity and training program. A hearty welcome is extended to all the old Scouts at Rice.

* Indicates Associate Members
Navy V-12 Organization

Commander Van Fitch Rathbun, U. S. N., is originally from Cloverdale, California, and has been in continuous service with the Navy since graduation from the Naval Academy in 1919. Following duty in the Southwest Pacific during this war, he was hospitalized at the Naval Hospital in San Diego, and thereafter, was assigned to the Navy Staff here at Rice.

By the end of last semester the school activities had conformed themselves to the Navy routine, and the Navy had become as much a part of Rice as its other organizations.

In March, when the Navy's second academic year began at Rice, we witnessed a resumption of this unity. The unit was much the same, with one exception. This was the addition of men from the fleet who had been on active duty in the various war zones. The benefits that the unit derived from the addition of these men were many. The fact that they gave up their rate and pay to come here to obtain a better education made us realize anew the opportunity that was before us.

The first semester had just gotten under way when the commander, Captain Dupree, was transferred, and Commander Rathbun took over. Captain Dupree's departure was a true loss to the unit, but in Commander Rathbun was found a fine leader. Under his command the unit has flourished and put forth its most productive efforts. An outstanding accomplishment of the year was the organization of the Navy Glee Club, which has already been widely acclaimed.

As the year draws to a close, we can look back and say that it has been both pleasant and profitable.

VANITY FAIR
The judge on crutches is James L. Page, Pharmacist’s Mate, Third Class, of North Carolina.

The names of the other judges, reading left to right, are as follows:

Frank A. Moore, Seaman First Class, U. S. Navy, Colorado.
Clayton K. Welborn, Motor Machinist’s Mate, First Class, U. S. Navy, Florida.
Arthur K. Moulton, Carpenter’s Mate, First Class, U. S. Naval Reserve, Pennsylvania.
The beauties for Vanity Fair were selected by a group of young men who have seen action and who are now recuperating at the United States Naval Hospital at San Diego, California. These young men were chosen to select the beauties because we felt that they would recognize natural beauty and judge accordingly.

ATHLETICS
The 1944 Rice track team had its hopes carried away when the Navy called some of its outstanding performers into active duty. The loss of Porter, a returning letterman and outstanding miler, along with other prospects, left the Owls with little to build around.

The greatest find of the year was undoubtedly Guy Groves. Groves had a fine record for the entire season in the 440-yard dash. Also, running the Anchor lap on the mile relay team, Groves turned several sure defeats into victories. The most outstanding performance by Groves was his time of 49.7 seconds for the 440-yard dash at the Conference meet.

Although they dropped the mile relay in the Conference meet, the team composed of Milstead, Missimer, Guinn, and Groves is to be commended for their record during the season.

The low and high hurdles were run by Lloyd Parker who was defeated only once in the low hurdles. This defeat was at the conference meet when Frank Crow of Texas nosed him out.
In the field, Johnny Andrew emerged as a fine pole vaulter. Among the top three at every meet, he took second place in the Conference meet.

The hurling of the discus was left up to John Donaldson who returned from last year's squad. He won the discus throw throughout the season up until the Conference meet when he took second. Donaldson threw the discus consistently, and was nosed out of the Conference win by about 7 feet.

Other track men who kept Rice in the thick of things were Dale Missimer and Glenn Bryan, sprinters; Bob Quinn, Lee Vilbig, Bill Milstead, and J. D. Goodrich, distance men; Charlie Atkinson, broad jump; Glenn Russ and Morgan Lloyd, high jump; and Bill Malseed, javelin.
The Owls opened the home season in a Triangle Meet with Texas and L.S.U. The Texas boys were able to walk off with the crown, but the meet furnished several thrills. Lloyd Parker took a close decision from Crow of Texas in the low hurdles. The finish of the mile relay was the outstanding feature of the afternoon. Running third until the last lap, it looked as if the lead Texas had was too great for Anchor man Groves to overcome. Moving into second on the back stretch, Groves passed the Texas man a scant 15 yards from the finish line. This relay had the stand on its feet the entire time and was a fitting ending for the meet.

The results: Texas—95 points; Rice—49.5 points; L.S.U.—25.5.
The second home meet of the year saw S.L.I. walk off with the first honors and Texas A. & M. taking second. Led by Alvin Dark, the boys from S.L.I. took first in all field events except the discus and placed enough men in the track events to win. Again the outstanding event of the meet was the mile relay and again the Owls were victors only after a spectacular finish by Groves. Groves gathered in points by winning firsts in the 440 and 880 yard dashes and pulling the mile relay into a first. Parker won the low hurdles with a nice finish and John Donaldson took the discus throw.

The conference meet saw Rice lose many of its usual first places. Donaldson's throw of the discus was bettered by Smith of Texas. The mile relay team from Texas was reformed and nosed out the Owls for their usual first. Parker, who had been pushed all year by Crow of Texas, was defeated by him in the low hurdles.
Tennis

The Rice tennis team functioned as a well coached team this season and was able to capture second place in the conference. A large squad of men reported at the opening of the season and from this group four men emerged as the backbone of our tennis squad.

Bill Walker, letterman of last year, played the first position for the Owls. He was ably backed up by number two man, George Witte. These two boys were teamed to make a double combination which was hard to beat. Walker and Witte are both cool and deliberate on the court and when under fire they play their best.

Marion Boggs, number three man, was teamed with Johnnie Phenicie to form a second doubles combination. This combination proved to be a good one and both men played fine tennis.
The Tulane Green Waves were the first opponents the Owls met. The fast, experienced Greenies succeeded in sweeping the match but only after a close doubles match. The Owls, composed of Walker and Witte, dropped the match by a score of 7-9, 6-4, 6-2.

The Owls thus dropped a 4-3 decision to Texas A. & M. Witte and Phenicie won their singles matches and Walker and Witte then turned down the Aggies doubles teams, 6-1, 7-5.

The Texas team led by John Hickman then defeated the Rice netmen 6-0 by sweeping both the singles and doubles matches.

Meeting in Austin for the conference meet, our netmen fared nicely. The University of Texas was able to regain the championship without much trouble. Walker, Witte, and Phenicie all advanced to the quarter-finals. Both doubles teams played in the semi-finals but were unable to draw a victory.
Coach Grigg, Grisham, Scruggs, Wilkin, Callender, Murphy, James
Scherer, VanDuzen, McElree, Noonan, Bailey
Hutchison, Johns, Caustin, Hopkins, Head

Baseball

The Owls opened the 1944 season without a single returning letterman. Coach Grigg took a squad of eager players and ended the season with 2 victories and 6 losses.

After several practice games with a strong Ellington Field team, the Owls travelled to A. & M. for the first two game series. Leading the game for the first four innings, the Owls had several costly errors which cost them the game by a score of 13-8. The following day saw the Owls back up the pitcher, Tom Hopkins, to come from behind, and win 4-3.

The Owls next met Texas at Austin where they dropped a two game series. The opener saw pitchers Charlie Bailey and Lee Head in action but the Longhorns held us to only three hits while collecting five runs. The game ended 5-0 for Texas.

Hopkins started the following day but was knocked from the box in the fourth inning. From there on out the Steers scored almost at will and won the second game 23-1.

The Aggies then came to Rice to split a two-game series. A. & M. took advantage of several costly errors and won the opener 9-4. The following day the Owls came back to whip the Aggies 9-6. Hopkins was again the winning pitcher against the Aggies.

The season was closed by Texas U. after they again swept the two game series to win the Conference Championship. The first game was a free scoring affair with the Steers emerging on the upper end of the 16-12 score.

The final game of the season saw the Owls lose a 7-1 game to the Longhorns.

Tom Hopkins and Charlie Bailey were two fine pitchers who kept the Owls in the race up to the last two games. Woody Dryden at catcher and George Wilkin in left field were also two outstanding players.
With the intramurals not yet decided for this year we find that three teams are battling it out for the baseball championship. The softball league has seen some good teams entered this year and at the time of writing the three remaining teams are: The Rally Club, the F.O.'s, and the Roach's. The Slippery Slimes, the Brechtel's, and the Croomers were all powerful teams before being eliminated from the league.

The results of the ping-pong matches have not yet been arrived at but the list of entries serve to show the enthusiasm is running high.

The Navy boys have started softball leagues within their battalions and the games are played in the evenings after supper. Several outstanding teams have developed and it is hoped that the three battalions will get together and play a series of games to pick the outstanding team of the unit.
Girls' Softball

Branching out from the usual basketball league, the girls' clubs of the campus organized a successful baseball league.

The competition throughout the series was indeed keen and after playing each team twice, it took a play-off to decide the winner. The PALS and OWLS were the two battling contenders for the crown while the EBLS and Independents furnished the other two teams.

The games were all free scoring affairs and the games always ended with the score looking more like a football score. The PALS took the lead in the race and were forced out once by the OWLS. The end of the season saw the PALS and OWLS tied up for first, and a long postponed game between the OWLS and Independents was needed to decide the champ. The OWLS came away the victor but then lost the championship to the PALS. The OWLS placed second, the Independents taking third, and the EBLS running fourth. The girls all enjoyed the series and it is thought that it will be continued each year.
The Editor and the Business Manager present your 1944 CAMPANILE-II, with which we hope you will be pleased.

The following business organizations have made this CAMPANILE possible. They have matched student support dollar for dollar, and are especially due our thanks this year when the war effort has put a strain on everybody. We hope that you will show your appreciation by supporting them at every opportunity. They are worthy of your patronage; they are truly your friends.

The Business Manager

WELCOME!

SEARS extends enthusiastic and cordial greetings to the young men and women beginning work and study at Rice Institute and wishes you a most successful and happy school year.

From the universities and schools of today come the leaders and great men and women of tomorrow ... and RICE is most assuredly geared to give you the best in education; providing at the same time wholesome recreation, good times, lasting friendships, and stimulating associations and companionship.

You Can Assure A BRIGHT FUTURE!

Secretaries, accountants and stenographers are demanded by business firms and professional men in greater numbers, and at higher salaries, than ever before in the history of this country. Their future is very bright. They perform their duties in the presence of business executives, who are always looking for young people, with adequate business training, whom they can promote to executive positions. If you are ambitious and desire to assure yourself a bright future, you should obtain, without delay, the basic business training which only a well conducted, efficient business college can supply you. This you will get if you take a course in

Addressed to the Graduates of '44

The obstacles you have surmounted in college are going to seem pretty small when you face a troubled world after graduation. It's your world . . . its wars or peace will affect you . . . its money problems and solutions become yours.

It's a difficult world today. Your obstacles are higher than those of any generation before you. Yet, the accumulated experience and understanding of those past generations are your allies. Don't hesitate to enlist their support.

In important financial matters, in all banking services or investment problems, First National Bank in Houston will prove a helpful advisor, a careful guardian, and a loyal friend.

HABIT PATTERNS FOR THE BETTER JOBS...

FOR BETTER OR FOR WORSE, MEN ARE BUNDLES OF HABITS.

When a young man shows that he is efficient, we know that he has practiced the habit of thoroughness every hour, every day, every year... until he is the summation of this habit.

The Rice Institute Engineering Schools drill their students so thoroughly in the fundamentals that they are accepted as among the better trained engineers of the nation. Executives know that the thoroughness which makes for mastery of the fundamentals of engineering will make for mastery of the jobs assigned in the work-a-day world.

Rice men in the armed forces are exemplifying the habit patterns of high courage and scientific skill they received at their Alma Mater.

The Nation's need for speed demands trained men to build better equipment faster... trained men to use that equipment. Our country looks to men such as you to help bring Democracy through a trying period and prepare the way for peace and happiness in the years to come.
IN LOOKING through this yearbook, one seldom realizes the countless hours, even days, of work and planning done by the editors to produce an outstanding annual. The editors’ supervision includes everything from the first idea of a theme to the countless details of art work, layouts, photographs, copy, engravings and printing. Thus our greatest interest has been to work in the spirit of cooperation and relieve the editors wherever possible of some of their work and worry. Our organization of experienced craftsmen, using the most modern equipment, has coordinated its efforts with those of the editors to give you a yearbook which we hope will be both attractive and entertaining.
