Mr: Ward Watkin Esqr

Houston Texas.

Dear Mr Watkin,

I know you must be busy on the designs of the memorials, and probably inundated by applications from various artists, so I will not burden you with proposals.

I sent off a batch of a dozen photographs of my work, omitting the gothic statues I have recently done.

If they please you and the committee, I shall be glad. even excited at the idea of working out with you a design or scheme of

designs for the sculptural part of ^[2.2]
one of the memorials - or more if
you think it possible.

With warm regards

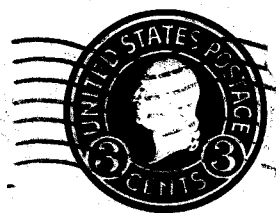

Yours very sincerely

John Angel

P.S.

I should be glad if you
would call on me in New York.
