

May 29, 1918.

Mr. W. Foard Townsend,
532 Moore Building,
San Antonio, Texas.

My dear Foard:

I returned Monday from my trip up North, which took me to Chicago, Philadelphia, Pittsburgh and Princeton, and which trip I enjoyed very much, although I found it exceedingly cold, particularly in Chicago.

I sincerely hope you are recovering rapidly from your operation, and that you have not suffered any ill effects from it. I was very much surprised to learn it was necessary for you to have the operation and did not know you contemplated it until I got home and found that you had already undergone the illness.

I hope that you are going to be able to come over and spend a day or two with us, and would like to suggest that, if you can do so, you come over about commencement time, as it might be interesting for you to see the commencement at the Institute, which occurs the 9th and 10th of June.

With very best wishes,

Very truly yours,
