April 14, 1921

General Steamship Company,
609 Kress Building,
Houston, Texas,

Gentlemen:

I acknowledge your letter of April 9th.

I will be glad for you to send me some literature concerning the boats which you have sailing out of New Orleans for France each month, and particularly with regard to the size of the boats, etc., and also as to the date of sailing during the latter part of July or the first part of August of this year, and the number of days required to make the trip.

Yours very truly,
