December 28 1943

Dear Mr. Watkins:

Your letter received. I have been holding out until the holidays to complete the reparations on the picture.

I only have an "B" card for gasoline, this gives me enough gas for the car, to get me to school and back.

As there are no classes this week at the university - I will have the necessary gas to get to Rice. I feel sure that I can finish the work this week.

My best wishes to you and Mrs. Watkins and family for the New Year.

Sincerely yours,

Frederic Brown.
