OFFICE OF THE REGISTRAR

My dear Mr. Watkin:

We are listing below the names and addresses and birth dates of the students who have received your B. S. degree up to and including last June. I am not sure that our addresses are absolutely correct in all cases but I think letters sent to the addresses given will reach them ultimately.

I hope you will send me the name of the individual selected in sufficient time to get it on the Commencement Announcements, if you plan to announce it in that fashion.
