Dear sister Anna,

I received your letter sometime ago, you must excuse me for not writing sooner, we have been so occupied about gathering corn and moving that I have not had time to write to you. I hope you are all well, I have been very well so far, I want you to give them all my love, and tell them how I do for myself. I have nothing new to tell you, it is very dull, I expect we have better times to do the farmers up, hoping to have better times. How are the farmers up there? Have made very good time. I have just heard of any thing but health.

Sincerely yours,

There was a Rangering company raised of 75 men and I came very near joining but the Doctor didn't want me to. Tell Saul and all of them how d'ye for me and give them my love. I will write more the next time as I have several letters to write. So good bye for the present.

A Happy New Year

Dear Brother,

I take this opportunity to write you a few lines. I am well at present, and I hope when this reaches you that it may find you all enjoying the same blessing. I thought surely I would get a letter from you up here. We passed through Belknap about a week ago and are about about 50 miles north of Belknap, beyond the little Winter up in the Buffalo region, Belknap being the last settlement. We were driving along the road one evening when Mr. P. and I happened to meet a Buffalo, I told him to let me have his horse, and he would try and hold him so his horse and a young man that was with them, and myself started after him. We and the Buffalo went over the Praire as hard as we could go. We ran him about three miles, came upon about ten shots of him, and drove my six-shooter on him six times.
He ran until I shot him the last time, and then he stop and charged on me, and fell. The boy that was with me never got a shot. We camped close by him, and we got a good lot of meat. Buffalo is fine eating, he was a very large one, I saw a large Panther on the head of little Afrit Wichita. We are on our way to Camp Cooper Colorado. Of nothing happens I will be at Houston in July. I was expected to get to Austin about the 20th of June. We are all well I hope you are all well, sending love to all and tell them howdy. I don't know of anything else to write so good bye for the present.

Dear Brother,

I arrived in Austin on the 12th, and I was glad to receive a letter from you, and to hear that you are all well. I am well at Present. There is a great of excitement here about Fort Brown. I write to you from San Saba. I suppose you have received the letter by this time.

We had a severe accident after we left San Saba. The Doctor Mr. Buckley and myself were on the head waters of Little Lano hunting fossils. When all at once we heard a Pistol fire, and Mr. Buckley, yelling that he was shot. The Doctor and myself being about 30 yards from him I ran down to where he was. The Doctor told me to stop, he thought it was Indians. I found no Indians, and went to where Mr. Buckley was, and found him in the arm, just above the elbow. His Pistol fell out of his case, on a Rock, and fired, it is not a dangerous wound. He will be well. Shortly they will nothing else of any interest happened on the journey. Tell Louisa I will write her a letter in a few days. Give them all my love. I am

Dear Brother,

I take this opportunity to write a few lines to let you know that I am well at present and that I hope when this comes to hand that it may find you enjoying the present season. I am suffering from a sore throat and am just recovering now. But I have not been able to get out of the house much except to go to the bank and to the store. The weather has been cold and damp, and I have had a cold for some time now. I have been trying to keep warm, but it has been difficult.

We were visited last week by a friend from the city. We have been invited to a party at his house, and I am looking forward to it. The weather is expected to be clear, and I hope to have a good time.

Yours truly,

Dear Sister,

I received your letter and am glad to hear that you are all well. I am well at present, and I hope this letter may find you all well. I received a letter from Emil and he wrote me that you are all well. We have had some very cold weather up here, and I suppose the yellow fever is all over with, I was not Indian hunting at the time. I don't think that I will come down until Spring. I don't want to come down until I make something. I think I will join the Navy. They pay 28 dollars a month, and find everything. I hope that you are all well, give my love to all, and tell them how I am.
