Dear Gaius,

you can't imagine how many good picture shows have been here in the last week. I have been every night excepting last night (Friday) and I had to stay home all by my self and cut the back lawn. You see they still treat me the same, shant goodness they have got that coon cutting the front yard. I came home kinda late because I was afraid they would suggest (?) my cutting it. I had just got good started last night when

Gib phoned. I wasn't expecting  
them home before today or to-  
morrow morning. We are all  
going to gang up and go to S. S.  
in the morning, we haven't been  
since Mrs. Mason left. Every  
Sunday I would think well I'll go  
to church this morning, but then  
it's awful easy to keep from going  
especially when you are in my fix.

I also had another letter from  
Ethel. I answered the last one  
sooner than I wanted to but I  
wanted her to get it before she  
moved and I guess she did.  
She said that she had had one  
from you and that she was

going to answer it that day.  
Alice has been down to see her &  
Ethel said when she left it sure  
made her homesick. I know how  
she feels because I've had a little bit  
of that myself.

I had a letter from Rio the other  
day and they told me what room I  
was going to have etc. They have  
got ten new professors for next  
year. That school sure is going to  
have some rep. in ten more years.  
There is only one thing I want to  
see done and that is beat State  
in Football or Basketball. Why we  
wouldn't have school for a week if we  
beat them in football. If we don't beat  
them we are going to cripple 'em up  
so bad that Oklahoma can walk  
over them. Alvin naturally hates a  
longhouse.

Oh yes - I have decided for certain  
that I was right when I said that  
I had a new job. If you could have  
seen me <sup>wait</sup> this morning you would have  
thought so too. We got in a whole carload  
of paper costing \$2300.68. All I had to do  
was to check each case mark size, find weight,  
and tell the fellows where to put it. but that was  
enough  
yours Oth C.
