Dear Gainer,

I wish you were here and could go to Austin with us Saturday. That is all that can be heard around this place. The Texas Game. It sure is going to be an game. I believe that the whole school is going, they are going to give us a holiday Saturday, they might as well. The special or rather Owl Special carrying the Band and the students, the yes and a lunch car, leaves Houston at 6:30 a.m. Saturday. We are going to have breakfast out here at five o'clock and their special cars will take us to the
Dear, be sure and go to the Oklahoma-Texas game and I know who you will root for. Let's have spirit if not with body. Several girls who live in N. Texas, especially Dallas are going up during the Fair, you see this play T. C. U. at Ft. Worth during that time and then they are coming to Dallas to see the Haskell game. They want me to go along but I'm afraid it'll cost too much to go to Austin and Dallas too. Anyway I wouldn't get to stay long enough to do any good.

I phoned Ethel last night and she told me that she had got a letter from you, she sure was tickled. She is going to be leaving here before long and I believe from what she says that she is going to stay and then that will leave me all by myself some again. But I'm coming home Christmas and if I feel this way now I am sure going to paint this town red.

No my roommates haven't asked me to go to church yet, because I go anyway. Even though you didn't do what you tried to, you did one thing that no one ever had or ever would have been able to do, and that is get me interested in going to church. My before I knew you, I went to Sunday School not because I wanted to but because they made me I have practically been my own boss along certain lines for 20 years now and they never tell me to go to church etc. So you see you did do a whole lot after all.
depot. Yesterday (Tuesday) we had a pep meeting. It was the first one which the girls have ever attended because usually they are held after supper and girls are not allowed on the grounds after five. Believe me there sure was some pep shown if that goes to Huxie together with the team. Old boys better look out. Of course it is a hard matter for a school as young as Rice to beat one as old as State, but the team is simply raving to get at them and the fellows are right behind the team. Whatever happens it won't be 94-0 as was the case with S. M. U. Here is a boy on the team by the name of Bell from Oklahoma. What part I haven't been able to find out. I know he sure can kick a ball. Read the paper Sunday morning and if we get
You got out & stationary. So we have to, you use this paper for the rest of this letter.

Gail, whoever told you that I said you would be alright if you didn't have dark hair and eyes, is a big one. I never even thought of saying such a thing. You are as sweet as you can be just like you are, and I don't want you any other way.

I wish you would express your feelings a little more instead of letting up on them. You seem to express them to other people but you never do to me.

I haven't seen any of those pictures you were going to have made of you and Helena, and yours want...
day before yesterday and he told me some
things that sorter gave me to do. and I felt awful rotten all morning. We
were supposed to have a class meeting
at 10.30 for the purpose of electing officers and
I came very near not going, but when I left
that meeting I felt more than repaid.
Who should they elect for president but
myself. think of it. While I was in high
school I thought that maybe I might
someday be President of my class, but never
did I dream that I would be President of
my class at a university. I tell you I simply
can't say how I felt.

That afternoon I had chem lab and was
dancing lunch from it with another boy when
8 sophomore girls in a cadillac came along
and picked us up. They had kidnapped two
little freshman and were taking the life out
of them. Well we rode around and picked boys
up here and there and finally we got a prof. There was
exactly sixteen people in that car. Two in the
front seat and five of them, how I got out I
still don't know. We made the freshman get the
Violets from the commons and we went to a
park just across from the school and spent
the rest of the afternoon in dancing. It was
the best time I have seen since leaving.
I love you. Otto
some of those kodak pictures.
Gailor please tear that old postal up why that thing is simply awful

Last night a bunch of upperclassmen, including myself went to Harvard and while we were there some Irish men came in, well we needed some entertainment, so we had one play a song another dance and then some speeches. My roommate happened to be one of them. I told him to dance and be sure danced, he called it an Irish dance. They always have to keep it up until they do something that pleases and every now and then that is pretty hard to do
