

October, 4/1916.

The price of "quads"
don't seem to hurt this
place at all because we
have them very regular.

Dear Gaius,

I wish you were here and
could go to Austin with us Saturday.
That is all that can be heard around
this place. The Texas game. It sure is
going to be an game. I believe that the
whole school is going. They are going to
give us a holiday Saturday, they might
as well. The special or rather Owl special
carrying the band and the students, the
yes and a lunch car, leaves Houston at
6.30 A.M. Saturday. We are going to have
breakfast out here at five o'clock and
then special cars will take us to the

beat, be sure and go to the Oklahoma-Texas
game and I know who you will root for. I'll
be there in spirit if not with body. Several of the
boys who live in North Texas, especially Dallas
are going up during the Fair, you see Rice
play T. C. K. at Ft. Worth during that time
& then they are coming to Dallas & see the O-T
Hastell game. They want me to go along, but Jim
afraid it'll cost too much, to go to Austin & Dallas
too, anyway I wouldn't get to stay long enough
to do any good.

I phoned Ethel last night and she told me
that she had got a letter from you, she
sure was tickled. She is going to be leaving
here before long and I believe from what she
says that she is going to stay, and then
that will leave me all by my lonesome
again. But Jim coming home Christmas
and if I feel then lets I do now I am
sure going to paint the town red.

No my roommate hasn't ask me to go to
church yet, because I go anyway. Even though
you didn't do what you tried to, you did
one thing that no one ever had or ever would
have been able to do, and that is get me interested
in going to church. My before I knew you, I
went to Sunday school, not because I wanted to
but because they made me. I have practically
been my own boss along certain lines for 3 years
now and ~~for~~ they never tell me to go to church, etc.
so you see you did do a whole lot after all.

depot. Yesterday (Tuesday) we had a pep meeting. It was the first one which the girls have ever attended because usually they are held after supper and girls are not allowed on the grounds after five. Believe me there sure was some pep shown if that goes to Justice together with the team old Texas better look out. Of course it is a hard matter for a school as young as Rice to beat one as old as State, but the team is simply raring to get at them and the fellows are right behind the team. Whatever happens it won't be 74-0 as was the case with S. M. U. There is a boy on the team by the name of Bell from Oklahoma, what part I haven't been able to find out, I know he sure can kick a ball. Read the paper Sunday morning and if we get

was j'm out of stationery. so j'd
have to ~~you~~ use this paper for
the rest of this letter.

gailor whoever told you that
j said you would be a bright if you
didn't have dark hair and ^{dark} eyes, is
a big one. j never even thought of
saying such a thing. you are
as sweet as you can be just like
you are, and j don't want you any
other way.

j wish you would express your
feelings a little more instead of
letting up on them. you seem to
express them to other people but
you never do to me.

j haven't seen any of those pictures
you were going to have made of
you and Hulma, and j sure want

day before yesterday and he told me some things that sorter gave me the Blues, and I felt awful rotten all morning. We were supposed to have a class meeting at 12.30 for the purpose of electing officers and I came very near not going, but when I left that meeting I felt more than repaid.

Who should they elect for president but myself. Think of it. When I was in high school I thought that maybe I might someday be president of my class, but never did I dream that I would be president of my class at a University. I tell you I simply can't say how I felt.

That afternoon I had been beat and was walking back from it with another boy when 8 sophomore girls in a Cadillac came along and picked us up. They had kidnaped two little Freshman and were treating the life out of them. Well we rock around and picked boys up here and there and finally we got a prof. There were exactly sixteen people in that car. Five in the front seat and I was one of them. How I got out I still don't see. We made the Freshman get the Victrols from the Commons and we went to a park just across from the School and spent the rest of the afternoon in dancing. It was the bestest time I have seen since leaving.
I love you. Oth

some of those ~~best~~ Kodak pictures.
Gaiusor please tear that old postal
up, why that thing is simply
awful

Last night a bunch of upperclassmen
including myself went to Harold
and while we were there some Irish
men come in, well we needed some
entertainment, so we had one
sing a song another dance, and then
some speeches. My roommate happened
to be one of them, I told him to dance
and he sure danced, he called it an
Irish dance. They always have to keep
it up until they do something
that pleases and every now and then
that is pretty hard to do

Had a letter from Jimmie
