
Dear Gainer,

Well I hardly know how to start this letter, because I can’t thank you enough, nor in the way I would like to for sending me that comedy. It certainly was good. “Butter”, “Jack”, “Riggle”, “Old Lady” and myself all say so. They were all in the room when my roommate brought it up and they would have eaten it up for me but I gave each one of them some of it and then locked it up. Last night “Tiny” and “Butter” came up and we finished it. You don’t know how much I appreciate that, Gainer, whenever you write anything
like that it’s just looks and sounds flat, but don’t look at it that way. Say that Candly wasn’t very sticky anyway what does that hurt. Candly is Candly to us fellows.

How did the game between D.C. & Reulton come out? We played Arizona University, and we certainly had an exciting game, although as usual we were outweighed. The Arizona team was more like our own than any we have played. They were just as everything fought till the last minute, but old “Mick” & Dance were simply too much for them. At the end of the first half the score was 20-3 in our favor. In the third quarter coach sent in a sub backfield and Arizona came near tying the score 30-16 when the fourth quarter started our rugs went back and literally played reign around Arizona scoring 7 points. I never saw so many people at a
football game as we had cut that one both the ground
stood and whiskers were pulled and they had to
come to Austin to see the game to come along to
be would say my opinion that certainly was
tempting and I'll back him for the Smith.

them. I think they are all scared we are going to "make the rounds." Because everything is so quiet and freshmen are awful scared.

Yes we all wish that I had one, but they haven't got any thing but beef and one player.

Why certainly I want to go a class times, if Jony knew how to dance but all I can do is oh well you know, or maybe you had better ask Avel because I have danced with her so I have danced with you. But anyway I want to go and with that awful nice girl too.

No I should say I can't hardly wait until the holidays. I don't know yet whether the expenses are over or not or on the 22nd but that means just about three weeks. They will pass awful quick, and I sure am leaving on the 9:30 Santa Fe the day I get three. I believe that I will get there by the evening of the 21st but we can't tell yet. Yours have got to start running
or I will be blown up.

Well I guess it is alright for you to work at nights but please don't drink anymore cokes, no matter how tired or sleepy you are. I can't remember when solid海军 last one, but it has been an awful long time and I get along a whole lot better. Oh I remember, when I was working all night on Saturday I used to drink them.

Better come closer and eat some grapefruits with us. "Reggie" just brought three great big ones in and we've sent the FRESHMAN after sugar.

Well the SOPHOMORE dance is over and I am sorter glad if it because there is more work and worry about it. Teaching grand Marches is alright, but it makes you feel awful concentrated. I certainly did have a good time though really a better one than I had at the FRESHMAN dance. I believe
everybody else because it was given out here at
school and everything was decorated and things
had paper dances and a band concert, we punished until one o'clock
our programs for sure. That is the first dance of
the week where they collect the money we need.

When we went to the first dance the program was finished at
money and the dance and it sure tricked me.
I can't wash anything to do with the other night
money that I went to. The other night.

I can't wash anything to do with the other night.

I can't wash anything to do with the other night.

I can't wash anything to do with the other night.

I can't wash anything to do with the other night.

I can't wash anything to do with the other night.

I can't wash anything to do with the other night.

I can't wash anything to do with the other night.

I can't wash anything to do with the other night.
