Dearest [Name],

Well Honey I sure am in a mess now. I believe that I have written you several times and said that I thought I was going to have to live in a tent etc. and I have always been lucky enough so far to get out of it, but it's got one chance in a hundred this time, and if I get out, I sure am going to be a much little human the rest of my days here. But I'm afraid there isn't a chance.

Last Wednesday night right after drill we went to supper, and I think...
that everybody must have been possessed of the evil spirit, because we all started to raising all sorts of racket. For the last three weeks we have been getting the worst meals you can imagine and a food riot has been brewing since that time.

Anyway, Wednesday we had corn, canned tomatoes and meat that was absolutely rotten for supper. Well pieces of bread started flying through the air every now and then and all of a sudden, the whole thing broke loose, I never saw anything happen so quick, nor have I ever seen such a fight before, everyone
Body went under the tables as if by magic, another meal, dry bread, butter, bread soaked in corn and tomatoes went thru the air, and so thickly you couldn't hardly see anything, if course water was also plentiful. Gainer you should have seen that dining hall, it was absolutely impossible to run on it, because you were sure to fall down.

They started repainting the walls today. Thursday the Juniors and Seniors got to gather and did such a low-down trick of turning in the names of the those whom they saw throw anything well naturally the Sophomores and Freshmen were the only ones whose names were turned in. Though we have been fighting each other all year the Sophs and Fresh certainly are standing together now. We had a meeting today called by the chairman of the Hall Committee, he wanted us to turn in the names of all of those whom we saw throw anything. I've heard quite a few tables made it, students, but I heard the best one-
today I have ever heard, we absolutely refused to turn in any names, ever than our own, and also that if the Committee decided to suspend from the Hall a certain group of men, for the fault which we had all committed, they would have to suspend us all. They all seem to think that it was some table that started the fight, but it wasn’t. I have already gotten a letter from the Committee once for throwing H to D and if they count that against me I sure am
blowed up, I don't care so much because there will be a bunch of us but you knew I was going to buy me a suit Saturday (tomorrow) but now I am afraid that I am going to have to spend all my money for Hotel Bills, that's what I hate. Gaiuse please keep all this a dead secret, while some people might understand it others wouldn't, especially the folks law me, if I am suspended they above all other people shall never know about it. The Ball committee had a long meeting last night and they are having
another one now. I have been on rather a nervous tension ever since they started taking action.

The same night that this happened a group of Freshmen went out some time during the night and painted signs of all sorts on the lights on the boulevard the entire length of the Institute campus. They sure got up some good ones, it was mostly about the grub fight and about the props. They sure did roast a bunch of them. Oh, I tell you, they have certainly picked up down here in the last few weeks.

Well, Gainer dear. I am going to get to come home a day sooner than I thought. I will be there with my exams on June 7 and believe me that night I leave this place and oh how glad I will be. I know that I have got just lots and lots to go through before that time, but you see am going to have lots of company. I have already got a date for the teeth with you but you sure would like to have one on the mints, if I can't leave them both
well for just keep the 10th.

Have just heard that we are
suspended from tomorrow at six
until Wednesday at six, if that is
ture you awfully glad that I was
in it, because those few-days were
better for me in the least. All I hope
that that is true. Well just heard
that it was, you know that news
travels pretty fast. Its rather hard
to write at present, there are only
two are here, we and you ought to hear
the noise going on outside. I'm
afraid that there will be something
pulled up tomorrow at dinner.

I went to a dance last night
and had to wear overall, all the
girls had on aprons, sure did have
a good time although didn't
know many people at first.

Gain or fade with you I
don't see how two people can go
together and fuss, I just hate it.

Well I guess I had better quit
now and start making arrange-
ments for the next four nights.
I should say I do know where that
place is on the 10th street and I can't
hardly wait until I come up there.

to y love etc.
