Saturday morning

Dear [Name],

Only six weeks more, now. I sure am counting the days now until you come, dear. I am glad that you are getting home so soon, and hope you keep it up. Just so you don't work after five, I hate to think if you are doing that, and especially when I know that you have been working hard all day. When you take your vacation I sure am going to see that you get a good rest from work.

I did something last night I have never before done as long as I have...
been here. I started studying at 6:45 and studied right straight on three without a single interruption until 1:45 and it was all on the same subject and for the lesson for today. It was in Business Administration and he gave us a problem which had about four different parts and they were not only hard but also long. The worst of it was I missed it about 400.00 but at that was doing well, no one got it and he showed us a little about it this morning and I know where my mistake is.
now. I have often studied pretty late and even later than that, but never on the same subject at one time, and then just for a daily lesson. But I don't suppose it will be the last time, as I knew there are more coming just like the one we had today.

So you didn't like the dance. Well if they weren't the right kind of girls and boys I'm sorry you went but of course you couldn't help it. Don't choose kind of people get on your nerves though. I can
Imagine how you must feel among them. I think I know the trail you all had. He used to go to Terrel with Joe and later he went up to Michigan State and was an All Western football star. He lives or rather his mother lives out in Kansas I believe.

They are still wearing overalls here and the movement seems to be growing. I've gotten so used to them now I can't imagine what a real suit of clothes would feel like, but I am going to town this afternoon and I'm not going to wear
there soon there. That sure was a good cartoon you sent me, honey, but I haven't got quite that fat yet, so it doesn't look very much like me, anyway didn't you know that I was getting thin? I am going to start carrying a thermos bottle around with me, so when I get thirsty I won't have to try anything. I had to pay 10 cents for a coca-cola the other day and that was against my religion. "Honey, mine I like cabbage too. Whenever we have fresh beans or cabbage at
Home mama knew that she has yet to cook a whole lot if I am there. You know that I am getting to where I don't like eggs so much any more, because we have them so often. Twice a day for a week or so or even every day in a week is just a little too much don't you think so. We have been having strawberries and also short cake lately, shall I send you some.

Sweetheart did you ever find that dress you sent Daisy and it took so long to get there? I have
been wanting to ask you that for a long time for just always to get. Honey mine how are we going to spend the fourth of July this year. I can remember for three years back what was doing. Can you? That all just seems as clear to me, when I think about it, I was with you on two of them and certainly wanted to be on the other one.

Some one stole some alcohol out of the lab about two weeks ago. They took about 5 gallons of 95\% alcohol and the worst of it is that it was in a large, ground
stopped bottle and you
cant hardly get those
kind anymore. The doc
said that if they would
only bring the bottle back
he wouldn't kick so
much. I just hope they
come and want to steal
some more, I'll guarantee
that they will never try
it again, if they live to
even know it. I know
just about who did it
and Im just hoping
they will try it again.
you know I absolutely
cannot see why anyone
wants to get drunk and
the other night at there
were at least a dozen there
that way. I have often wondered just what their mothers would think if they saw their sons absolutely unable to take care of themselves. It is absolutely a disgrace, but a peculiar thing, that type always seems to be the most popular. If they don't get drunk they are always chasing around with questionable women, yet they seem to get by with it. I might be wrong but I wouldn't go with a girl who had a "first come first served" attitude or appearance, and since I expect that much of
them, that is, expect them to show themselves a lady, they certainly ought to expect the same from a boy. I sure am lucky in having some one like you, because darling, girls like you are few and far between, and it's an awful precious position to be in. No I'm not raving, but just telling you.

Sweetheart I sure am lonesome for you, and just wish for you so hard. I know no one will be happier than I when June 4th comes and you are here.

I love you dear,
With all my love.

Otto
