

Sorry, Wrong Number

JA 8-4141 is a useful number. So useful, in fact, that it is given as the telephone number of at least one-third of the people listed as College residents in the 1958 Directory. (This directory is not to be confused with last year's directory, which was also labelled 1958, nor the one before it, which was labelled 1956.)

For those who weren't lucky enough to rate a JA 8-4141 or who were left out of the directory entirely, a correction supplement was to be printed, but the copy for it was lost. Another supplement is rumored to be in progress. Meanwhile, our sympathies to those who are in telephonic isolation. Before long, perhaps they, too, will get a JA 8-4141 for their very own.
