Dear Willie,

Thank you for all you have done to make possible the successful completion of the Covington Marker application.

I sent the application to Austin on Sunday.

I do believe this is an important marker which will make all of us interested in preserving history very proud.

Thank you for your presentation on Saturday. That is the only way we can share this information with our members.

The application form completed by Mrs. Wells indicated the smaller size marker. I'm concerned that will not allow us to tell over
the full story of Dr. Covington and the House. Would you consider talking to Mrs. Wells to see if the family will consider the larger size marker, if our Commission agrees to pay the $300 difference in the size of 2 markers.

Thank you again.

Sincerely,

Al Dani
