

# New Parking Rule

The following change in campus parking regulations was approved yesterday by the Dean of Students and passed on to the Student Association —Ed.

In accordance with the request of the Student Senate and the discussion at the meeting of the Student Affairs Committee on Tuesday, November 10, 1964, I wish to announce that those parking lots on which the parking restrictions were lifted between 6:00 p.m. and 8:00 a.m. under the printed regulations will now have the parking restrictions lifted from 5:00 p.m. until 8:00 a.m.

It should be noted that this does not affect the men's College Lot where the regulations are in effect 24 hours a day. It also does not affect the requirements that automobiles should be parked in marked parking spaces at the Stadium Parking Lot.
