

Dansby, Parnell Take First At Baylor Tourney

Rice Institute debaters returned from the annual Southwest Conference knowing at least that they have the best affirmative case for this year's topic: "Resolved that further development of nuclear weapons should be prohibited by international agreement."

Gerald Dansby and Charles Parnell swept to a perfect 7-0 record in winning first place on the affirmative side. In the course of the meet, this duo swept to victories over Texas, Baylor, TCU, SMU, and A&M. Harry Reasoner and Neal Anderson received a tough draw on the negative approach and subsequently drew Baylor's top notch team which is undefeated to date. Nevertheless, both made a creditable showing.

Next tournaments for the debate society will be the TCU tourney in February and the Abilene Christian invitational one week afterwards.
