# Student-Faculty Art Exhibit Set April 1-18

The annual Student-Faculty Art Exhibit, sponsored this year by the Rice Architectural Society in conjunction with the Fondren Library, will be April 1-18 in the library.

The Society will handle the installation of the exhibit and promise that if no one else submits their work, at least they will.

## By March 30

All work to be submitted should be accompanied by the artists's name, but for bashful or modest Riceites names can be withheld upon request. The work is to be turned in at the Music Room desk no later than March 30.

The Society invites all faculty members to submit work, as well as all graduate and undergraduate students.

Any sort of work, and size, any media, any quality is being sought for the exhibit. Painting, sculpture, ceramic, collage, or

mosaic—anything.

## Just Rice Work

And it's not expected to be professional, just genuine Rice work, say the members of the society.
