

# Undergraduate engineers honored

Two Rice engineering students have received awards and special recognition from the Texas Society of Professional Engineers.

Barbara Jean Weir, a junior in Jones College majoring in electrical engineering, received one of two engineering scholarships given by the Ladies Auxiliary of the organization. This was the third year in a row that Miss Weir received the

award.

Jethro William Meek, a fourth year civil engineering student in Will Rice College, was selected one of two Outstanding Engineering Students by the organization.

Meek was selected by Tau Beta Phi as best junior engineering student last year. He is currently president of the student chapter of the American Society of Civil Engineers.
