Senate Receives Reports On Food, Wiess Proposal

By FOLLY HINDS
Thresher Reporter

The creation of a University Food Committee composed of representatives from each of the colleges was reported to the October 19 meeting of the Student Senate by Jerry Hafter.

The committee, set up at the request of Dr. J. R. Sims, Campus Business Manager, after a meeting with the college masters last week, will deal with problems of serving and meal timing and will be a means of communication between the student body and the Food Service.

Food Allotment

Hafter stated that the Food Service realizes its inefficiency in some respects, but feels that such things as providing hot rolls are worth it. This week a CPA is studying food allotment among the colleges so that allotment may be made correctly.

Bill Broyles, SA President, reported that at the last meeting of the Undergraduate Affairs Committee further action to clarify the role of the committee was taken.

The committee will act on student and college procedure only when this procedure seems to be in conflict with University policy, Broyles stated.

In case of conflict both the practice and the University policy in question will be received to determine a means of resolving the conflict.

Wiess Rules Tabled

Discussion of the Wiess rules was tabled pending clarification of the effects of the amended Texas Liquor Control Law.

Dean of Students Paul E. Pfeiffer will discuss the legal aspects involved with members
