Another dormitory, the first building of the second residential group, will be ready for occupancy by the beginning of the fall term. Some of the rooms have been accepted, beds were opened last Saturday, and the structure was burnt during the present week in Hinton. It is to be expected that the dormitory will be ready for occupancy by the opening of the fall term this year.

The structure will be to the west of the dormitory, and it is to be expected that the dormitory will be three stories in height. A few rooms will be occupied at once in the dormitory, and the building will be ready for occupancy by the opening of the fall term.

There will be those rooms "borrowed" in the new building, attended by separate janitors, and the janitors' rooms will be occupied. Most of the rooms will be ready for occupancy by the fall term.

The appearance of the building will be similar to the north wing; however, the dormitory will be slightly more spacious than in the present buildings. Glass windows will be installed, and the glass windows in the towers will be carried into the building to colored glass.

There will be ten rooms on each side of the main tower, so as to modify the abrupt rise from the terrace portion of the elevation. The dormitory will face the University Boulevard, and will be similar in design to that of the first building. There will be a skyway, corresponding to that of the old building, and when the second building of the second group is erected, there will be a covered walk parallel to the present one, between the second and third buildings.

The plans for this additional addition to the University buildings, as well as the plans for the new dormitory, were prepared by Cramp & Ferguson of Philadelphia for the University, and the plans for all the other buildings, and were approved by the University Board, which were asked for immediate action, and the work is being rushed as rapidly as possible, so that the hall will be ready for students to take up residence in fall of 1916.

LEAP YEAR DANCE

NEW COED DANCE GIVES FIRST DANCE.

The Leap Year Dance Club, an organization of Sophomores and Freshmen girls, gave an informal dance on Tuesday evening, January 21, at the home of Mr. and Mrs. E. J. Turner, at 305 E. Houston Street.

The dance begins at 8 o'clock and continued into the wee small hours of the morning. The guests were those invited to the dance and others who were invited by the Sophomores and Freshmen girls.

THE THRESHER
Entered as second-class matter at the Postoffice in Houston, Texas January 1st, 1916
W. M. STANISH, Editor-in-Chief

student publication to appear at the university when the student body can and will.

The frequency of publication is increased in every way possible. It is our belief that the present plans of the student societies are inestimable. Surely every student today understands the events taking place in the world. We students thought that the school needed private enterprise. However, when such a publication should be more in evidence, the following notice was printed:

"When you have become a student at Rice for three semesters, you will get out of the habit of working—the desire to perhaps have something new, for any one who has done, and at the present time (at least) it is more the custom to attend them after they have become a "distinctive" student."

The 12th, decorations, refreshments—all this will be a part of the fun.

EDITORIAL

The Thresher was organized by the literary societies and it will be the center of all their activities. The students are most enthusiastic and anxious to take part in all the events that are going on. It is our belief that the Thresher will be a factor in the life of every student.

The first issue of the Thresher was published on January 12th, 1916. The following notice was printed in the newspaper:

"The first issue of the Thresher was published on January 12th, 1916. It is our belief that the Thresher will be a factor in the life of every student."

LESLIE HEBERT.

The new meeting of this club will be held in the home of Prof. and Mrs. E. H. Dunseth, the following program being arranged for the occasion:

Program (selected) — Mr. Adolph H. B. — Miss Margaret Davis

Chordale — Miss Laura Wall, with Miss Edith McCloud.

Les Hibbs met two weeks ago in the home of Prof. E. H. Dunseth, and has been thrirling wonderfully since when the meetings have been put at night and in the afternoon for the convenience of all the members.

The purpose of Les Hibbs is to provide a deeper knowledge of French interests in general, literature, written, current habits and tastes, and an attempt to carry on this work in new and unusual programs.

Program is used throughout the meetings in studies of French, conversational, inferred discussions, in readings of poetry, prose, dramas, and in conversations and in conversations. Musical selections by French composers are given both vocal and instrumental. It is the plan to continue the plays in costume after the end of the term.

L O V I N G  C U P  A N D  M E D A L

Will be Given to Students This Year

The University of Texas Literary Society and the Riceonian Literary Societies will make a joint honor the winners of the Loving Cup and Medal.

The love of the student who wins the Loving Cup is valued at $100; all engraving work is done by the student who wins the awarding of it. It is to be given to the student who wins the Loving Cup and Medal by the student-body, and there are no strings upon the awarding of it.

Of these, the most prominent is the inter-society debate, which will be given at the end of the academic year. It is to be given to the student who wins the inter-society debate, at the end of the school year, who will have the highest number of individual points, as decided by the three judges of the debate. A joint committee, consisting of members of the Senate and the Humanities faculty, will select the student in advance of the debate.

TERM EXAMS

Take Their Toll

Have Not So Great. However, as in Preceding Years.

Verily and truly it was a tithe-cut winter which came back after Christmas. In one outside the secret sanctuary of the office the office will stand the office and the office has been estimated at 24 students.

This is in apparent, in a far, it is no larger a number than the failures for the term of 1914-15, while there are over a hundred new students. In other words, this year’s average was about 4 to 7 per cent, while last year they averaged 11 per cent. For the time this year the first year 35 per cent of the entire enrollment flunked out at the Christmas examinations.

About the same number of students are now in production, as were at this time last year. The examinations for the most part, of course, of those who failed the term of 1914-15, while there are over a hundred new students. In other words, this year’s average was about 4 to 7 per cent, while last year they averaged 11 per cent. For the time this year the first year 35 per cent of the entire enrollment flunked out at the Christmas examinations.
