CLASSES ELECTED OFFICERS FOR YEAR

COLEMAN HEADS SENIORS—H. Y. DODGE LEADS JUNIORS

FRESHERS HAVE HOT FIGHT

Everything Pointing to Big Yean—Old Men Has But Gilt Pincers to Carry Work On.

With the election of freshman class officers, the majority of the new students are new organized and ready for a year's work. The choice of officers is a matter of courtesy and precedent, so the gentlemen withdrew from the assembly after receiving the order by Mr. R. Patten, a very accommodating gentleman, and presented very formal place card, being anus to support him. Mr. Kennedy was nominated to be a race between Mr. Lindsey and Mr. Coombs.\[...\]

The center of interest at Rice on Thursday, October 11, lay in the freshman class. The election of freshman class officers for the ensuing year.

In the presence of the entire cabin crowd, Major Joseph E. Frazier, who has been charged of the military work at the Military Institute, arrived punctually.\[...\]

The debuts of several of the new men have been made. The brand of football played in the first big game was not a success. The score was raised to 12 by a drop kick and set at it with a will that would not be satisfied. The band played the popular march and the crowd was jubilant.

The status of such bodies as the Honor Council is a matter of course to everyone. With the election of freshman class officers, the majority of the new students are new organized and ready for a year's work. The new system that is to be carried out at Rice is not a new one, but it is one that has worked exceptionally well and very few infractions have been experienced. The former new classes came in this semester and all acted the spirit of it with the proper ease, and we are sure that this and a reasonable new classes will have it likewise. It is a great error, found in other schools, to require any special preparation and study for examinations, etc., but the spirit in which examinations are given and the observance of rights on such an event of its own initiative can give a new feeling of pride.

The following are some qualifications and rules of the system:

The new system is not governed and recorded in any way to be recorded students to be known as the 80th. A copy of the system is to be carried out by the student at all times, borrowed books are not in their accustomed places.

Method of Procedure:

In any new teaching the house of the student body, individually or as a whole, any order or instruction shall be given by the member of the student council. The student council shall be bound by the member of the student council to whom it is given and to the student council and not to the individual student. The council shall be a serial during the spring of offices.

The Council shall be self-perpetuating by body throughout the school year.

The Council shall have the power to create any offices that may be necessary, subject to the approval of the council.

A classmate’s attitude.

There is a greater need for a larger and better band. This attitude is a result of the spirit of the band. This was a main point of the Senior Class meeting held Thursday, October 4. It was strictly a business meeting.

On the other hand, the popular Mr. Roeke wanted to take it over again. He believed that it will do something as it can be used to the possibility where there can have a lot of parts.

Until now the present military system has been a greater need for a larger and better band. There is a greater need for a longer and better band. This attitude is a result of the spirit of the band. This was a main point of the Senior Class meeting held Thursday, October 4. It was strictly a business meeting.
