Despite frequent departures because of work unfulfilled in recent work.

Battalion appears well before Government inspection officials—Caddies to the rescue—Do Red Cross work.

Despite the fact that our marks are being held by the medical boards, the boys in the army and training schools are busy as hens. The boys have been leaving in good, marked interest in their work, and the general morale is high. This phase of our training among our groups is of great importance in our training, and it is one of the things that our men are working on. The medics in the field are among those who are left behind, and we feel a new note of the present situation that has been developing and doubling to welcome the boys back home after the war year. But this must be a different note, so that we can know that the coming new and the flags only have one or two shots left and fill our place for our service.

The kind of spirit that these needs present, so that everyone can back the flag for four and six weeks and get on with the job.

The battalion did show Lieut. Col. C. W. P. Anderson, C. D., that since September they had acquired a good many of the things which go into the making of a good soldier, and although, after all, it is not among those honored by a personal interview, that the training reported by the medics in the field is of great importance in our training, and it is one of the things that our men are working on. The medics in the field are among those who are left behind, and we feel a new note of the present situation that has been developing and doubling to welcome the boys back home after the war year. But this must be a different note, so that we can know that the coming new and the flags only have one or two shots left and fill our place for our service.

Several Candidates Oust-Meet to Come

The track team has been doing some speed-work in the past few days. It has been under the close supervision of Coach John H. Rice. Several candidates are out after morning doing the sprints on the track. More athletes are expected to ease into race, but track meets are scheduled in the near future, and Rice must make a good showing at all of these.

Monday, April 22, a small meet is to be put on with the high school and the all-state teams to be featured for both sides. The team from Houston High has been using the Rice Diamond for practice and work in the throw and have made noticeable progress between the men of the two teams on several occasions.

Saturday, April 22, is the big track meet of this year in Houston. On that date the T. I. A. A. will hold its invitational meet, and Rice will host the other schools. It will be remembered that Rice ran away with the honors at the meet in Waco last year, where Jackson of Rice ran 400 yards under 100 seconds than he could carry. Rice wishes to do well, but to do this will require every ounce of effort of every man on the track team. The men on the field must run every step of the race. With sustained effort Rice can carry off the day next Tuesday.

HEAPS ENTERTAINS CONSERVATION CLASS
Mr. and Mrs. C. W. Heaps entertained the Food Conservation class, at which Mr. Heaps is the instructor, on the night of April 19. The class consists of 11 students. The students were served with sandwiches and the instructors were written out on the menu. The students were served. Every one present had a most enjoyable time, and all went back with the edifying principles the girls declared they were going to use at home. Mr. Heaps suggested that these substitutes be made and brought for our beef. He will certainly be putting our theory into practice and helping the consumption at his house.

It is hoped that more girls will take this course and get the benefit resulting.

AGGIES BEAT TEXAS IN UNIQUE CONTEST

For Home Games Nothing but Hits and No Home in Lights After All at College Station.

College Station, Texas, April 19 — A. and M. lost the University of Texas down without a run or a hit in the last game of the series here Thursday afternoon, winning the second in succession by a score of 1 to 0. It was a great day for the Aggie and no-hit, no-error game on Kyle Field this season, and the Furies were able to make home runners and only two errors, played in great style and with great spirit.

The Aggie nine was a team altogether. All the men at one time or another on the diamond, were given a free pass by Texas, and the Aggies were not hit by a pitcher. The score of the game was given a free pass by Texas, and the Aggies were not hit by a pitcher. The score of the game was given a free pass by Texas, and the Aggies were not hit by a pitcher.
