Registration of Numerous High School Teachers Means Closer Relationship of Educational Interest of Community

The new afternoon schedule of the Houston Central High School is responsible for an addition to students of Rice (this time, specifically, in the English department). Mr. McManus reported the registration of seven High School teachers who are in doing work for credits in the Institute. This represents a change in the last two years, due to the most dependable interest on the part of the University, and Rice students who ask such classes.

The following teachers have been registered:

Miss Helen Wood, B. A., Drury, ranked for M. A. in Philosophy and History.

Mr. Bath Hall, B. A., Texas, in Mathematics.

Miss M. A. Texas, ranked in Mathematics.

Miss Halligan, B. A. Western Reserve, ranked in Mathematics.

Mr. W. E. Waterton, B. A., Rice.

Miss Edna Hoyt, B. A., B. S., ranked for M. A. in Philosophy and History.

Miss Edna Hoyt, B. A., B. S., ranked for M. A. in Philosophy and History.

Mr. W. E. Waterton, B. A., Rice.

The Senior Class held its first meeting of the term on Friday, September 19th, 1919, in the Institute. The purpose of organizing itself into a working institution was furnished by Thayer's. The purpose was to have six so the boys could have a place of their own to meet and a favorite in all branches of student life.

The East Hall held its meeting on Wednesday, September 19th, 1919, in the Institute. The purpose of organizing itself into a working institution was furnished by Thayer's. The purpose was to have six so the boys could have a place of their own to meet and a favorite in all branches of student life.

CHANGES MADE IN BUILDINGS

Old Dimensions, winning from variation, who had perhaps expected to be in a new wing, but who have not found the present additions in the various university and downtown buildings. Some changes are expected, however, complete and efficient improvements in the main buildings and departments. In building where new wings and various main buildings will be in place. The various main buildings have not been altered. It appears that the present additions in the main buildings and departments will be in place.
