ALPHA RHO DEBUT AT HOUSTON COUNTRY CLUB

Fishner's Orchestra Plays for 500 Guests

Alpha Iota, the recently organized chapter of the national women's fraternity, had its debut Monday night at the Country Club. Miss Moore and Miss Patterson, officers, presented the Fraternity, Miss E. Patterson, president of the Woman's Council, presided.

The first section that came up was the reception committee for the ladies. They were on the Fraternity platform and met every lady, glove in hand. After the reception committee had finished with the ladies, the Fraternity gave a reception for the gentlemen. Their reception was of the usual form, and the hospitality that characterizes the Sigma Chi fraternity.

Junior Class Dance is Financial Success

The Junior Class gave a dance in the Commons on the evening of Friday, April 5th. It was held in the Commons, and the guests of Aipha Rho for this occasion, and it was a financial success.

A large horde of majorettes entered the dance hall of the Commons, and were followed by the majorettes of the Majestic orchestra. The music was provided by the Majestic orchestra, and the guests were entertained to the fullest. The dance was a success, and the Junior Class is to be congratulated on their efforts.

SLACKERS!

Where is the Junior Class?

You know what they say about a guy who doesn't do his work, and who never talks to his boss, and who never gets anything done? That's the way it was with the Junior class. They were supposed to be working on some project, but they were taking it easy. They were supposed to be preparing for the final exams, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. They were supposed to be working on their senior project, but they were taking it easy. PERSONALS

Mrs. Hugh LeRoy BeU was a visitor to campus this week.

Miss Louise Dowse was "under the weather" last week. She is just recovering from a sprained ankle.

Miss Louise Fenske has returned from a visit to her home in Texas. She was just returning from a sprouted tomato from the garden.

Miss Preston will not be needed all this week as she is on vacation.

Special events are over at last, and we haven't heard of anyone who "survived the storm."
**Student Dependability and the "Unreliable"**

While reading through the various college papers it has been noticed that in more than one university there has been a substantial demand for reliable students. These have been known where the athletic teams could not depend upon a number of players, and the grades could not be passed upon a number of students. This is particularly true of those who wish to be in the various teams and organizations. The problem has been given a great deal of attention in some places, but in others the solution has been found in the use of students who have been unreliable and cannot be depended upon.

**SICK INSTITUTE PROFESSORS AND THEIR PUBLICATIONS**

The U.S. Department of Agriculture, through the work of Drs. William J. Ford and F. W. Cook, has just issued its second volume of the 'National Institute of Agricultural Research, 1912-1913.' This volume contains 149 articles, and it is the second of a series of publications for the next three years. The first volume, 'National Institute of Agricultural Research, 1910-1911,' was published in 1912, and has been well received. The third volume, which is to be published in 1914, will contain articles on the progress of agricultural research during the years 1912 and 1913.
