ELECTION IS RUN- OFF SUCCESSFULLY

DUDLEY JARVIS IS ELECTED PRES. STUDENTS' ASSN.

Gresham is Editor Thresher for 1920-21—Three Hundred Forty Six Votes Cast

In the election held last Tuesday, Dudley Crawford Jarvis, second-year student, was elected President of the Students' Association. The “first lady” of the school will be—well, perhaps, we had better say no more about that. Mr. Jarvis made a very successful campaign, and the outcome of the election was a complete surprise to almost everyone, including the editor of the Thresher, who, it is said, was not even aware that the students were voting. This year's election was particularly interesting, as it was the first of its kind since the Students' Association was formed. The students were very active and the campaign was well-organized. The votes were cast in a polling place set up in the main hall of the college, and the results were announced by the secretary of the Students' Association.

SLIME BOAT RIDE

VOTED A SUCCESS BY ALL ATTENDING

BATTLE GROUND BUS SEES MISH

RIME ON MAY DAY

Hate and Mischke Made One Time To Be Remembered

In May, the campus was alive with excitement as the Battle Ground Bus made its way down to the lake, where a small group of students had gathered to ride the Slime Boat. The boat was a simple wooden structure that had been decorated with a variety of colorful materials, and the students had loaded it with supplies for their journey. The boat was launched into the water and the students began to ride, singing and dancing to the music of the day. The ride was brief, but it was a memorable experience for all who were present.

BY OVERWHELMING SCORE

RICE RUNS UP SCORE OF MORE THAN TWICE THAT OF NEAREST OPPONENT

No Records Broken Because of Slow Track—Coleman Bros. Win Tennis Toursneys for Rice—Southwestern Meet Here Saturday.

Southwestern Conference Track Meet at Rice

Field This Week

“Everybody be There”

The third and final day of the Southwestern Conference Track Meet was held at Rice University on May 5th. The meet was well-attended and featured a variety of events, including sprints, hurdles, long jump, and discus. The Rice Owls were the hosts for this event, and they put on a great show. The Owls took first place in the meet, with the second and third places going to the Texas A&M Aggies and the Southern Methodist University Mustangs, respectively. The meet was marked by strong performances by all the teams, and the Owls emerged as the overall champions, demonstrating their dominance in the conference.

Y. W. C. A. PLAY IS SUCCESSFULLY STAGED

Miss Write in Title Role of "Cousin Kate"—Several Audition Crore

The annual Y. W. C. A. play was presented at the campus theater this week. The production of "Cousin Kate" was directed by Mr. John Clark, and the cast was headed by Miss Betty King, who played the title role. The play was well-received by the audience, and the performers did a fine job of bringing the characters to life. The play was staged in front of a brightly-lit set, with colorful costumes and props that added to the overall effect.

ENGINEERS' SHOW IMMENSE SUCCESS

Ten Thousand Guests Witness Peculiar Feats

Engineers' show opened on April 27th, and it was a tremendous success. The show featured a variety of exhibits and displays, including models of buildings, machines, and other engineering marvels. The show was well-attended, with ten thousand guests in attendance over the course of the week. The exhibits were well-designed and visually appealing, and they showcased the impressive work of the engineers.

SOPH'S GET CLASS FOOTBALL SWEATERS

The members of the Sophomore football team were presented with a set of uniforms by the Junior members of the team on the occasion of the annual Senior-Junior game, which was held on Thursday, May 13th. The Sophomores were the losers of the game, but they were not the only ones to receive a prize. The Junior members of the team had also prepared a special gift for the Sophomores, which was a set of football sweaters. The Sophomores were thrilled to receive the sweaters, and they were grateful for the generosity of their Junior teammates.

THE LAST ISSUE OF THE "THRESHER"

For a number of weeks rumors have been circulating in the campus about the possibility of the "Thresher" coming to an end. The publication of the last issue of the "Thresher" has, however, put an end to these rumors. The "Thresher" has been on the student scene for many years, and it has always been a source of information and entertainment for the students. The publication of the last issue was a bittersweet occasion, as it marked the end of an era. The "Thresher" will be missed, but we look forward to the emergence of new publications that will continue to serve the needs of the students.

A BRIEF CHAMBER OF COMMERCE

Rice University has organized a business club which is supposed to be the first ever established in the university. Since the “Lariat” is pleased to call Rice the greatest plant of its kind upon which an industrial satellite revolves, we must line up to the requirements of the modern university.

THE ENGINEERING SHOW

One of the biggest things that has ever been done in the way of advertising Alma Mater was the Engineering Show, given last week by several upperclassmen. Several Engineering students planned the show and developed it by the aid of their instructors. The idea of a great potential success was born, and a full-fledged show was hatched and developed. As a result, the Engineering Show was a success beyond all expectations.

THE CAMPANILE HAS GONE TO PRESS

The Campanile of ’30 has gone to press, and with it has gone the greatest staff in the history of the editorial. The book is the best that has ever been produced at Rice. It is a book of great interest to all Rice students, and work that the staff has given to it is one of the greatest enterprises to date. The book is the school at large can never appreciate. When the book is issued on June 7th there will come a flood of expressions of the immense amount of labor that has gone into it, and then there will be a flood of expressions of appreciation for the development of this small group of loyal students.

OWLS LOSE LAST GAMES OF SEASON

The Owls lost the last two games of the season to the Aggies last week and now must work on their "stuff." It looks like the Owls beat Texas, and held the Owls to three runs. They were handicapped in their spirits under a losing streak than a mashed finger that he got from a softball base.

The class was organized in 1916 by any member of the Institute. You are invited to attend these meetings. The Episcopal Church is doing at the various conventions and assemblies, including the annual Student Council of the Episcopal Church, the Junior, Sophomore, and Freshmen Classes held meetings on Monday, April 4th, and Tuesday, April 5th.

M. D. M. A. CAMP TO BE HELD IN MISSOURI

The Junior, Sophomore, and Freshmen Classes held meetings on Monday, April 4th, and Tuesday, April 5th. They were held in accordance with the ruling of the Student Council of the Episcopal Church, the Junior, Sophomore, and Freshmen Classes held meetings on Monday, April 4th, and Tuesday, April 5th.

There was some class at the Brogue Oxfords that are showing in both The Edwin Clough and Howard & Foster lines.

SOCIETY PERSONALS

Miss Margaret Carter, from the University of Texas, was elected as the secretary of the Student Council of the Episcopal Church, the Junior, Sophomore, and Freshmen Classes held meetings on Monday, April 4th, and Tuesday, April 5th.

"What you took in, Pardner?"

"Oh, it's not much!"

"Too bad, sir."

"I want reform; I want—"

"I want—"
DEAR LIZY,

Well, I was in the grand opera when I was a child, and I don't think I did it. I mean I saw it because I saw it and was in it. I don't think I had anything to do with it. I was just there to see it as if it were a great mind, but I was not a part of it. I didn't think much of it at all. I was reading the program and looking around, but I didn't think they would be so good.

Well, the music was wonderful and the acting was great. I remember the scene where the hero and the heroine were in love and they were singing and sometimes hollering. It was a wonderful performance.

Sincerely,
[Your Name]
The speed of our growth is evidenced by the fact that more than four thousand people, including students and faculty, are registered for the course. The lecture demonstrated each point clearly, and the audience was thoroughly engaged. The lecturer used several visual aids to help illustrate the concepts, and the discussions were lively and interactive.

At the end of the lecture, Dr. Axson made a brief talk, in which he outlined the key points and encouraged students to continue their studies. He also thanked the audience for their attention and participation.

After the lecture, there was a question-and-answer session, where students had the opportunity to ask Dr. Axson questions about the course material. The discussion was very productive, and it was clear that the students were eager to learn more.

Overall, the lecture was a success, and it demonstrated the importance of interdisciplinary research in the field of colloid chemistry. The audience was engaged and interested, and the lecture was a valuable learning experience.
