RICE FIELD HOUSE

Foot Ball Schedule for 1920—the Rice Institute Playes.

Rooms to be Provided for Visitors.

This is the Club House. Gone are the days of the big white house, with its black and white. Younger generations of trees have been planted and today there is no room for these grand old trees. The old fashion of planting is gone, and in their place a modern type of house has been built.

The old house was not replanted, and it is feared that the health of Mrs. McCallum has been impaired by the change.

Opening Football Dance

On Tuesday Night

The opening tap was all ready to be turned on. The crowd was waiting for the event, and a band of music was playing on the street.

Pay Your Blanket—TAX!!
THE SIGNIFICANCE OF THE FIELD HOUSE.

THE planning of the Field House, which is now under construction, was brought about by the need for additional space for the Institute. The plans for the building were drawn up by Mr. databases, and the actual construction is being supervised by Mr. Daniels. The Field House will be completed in the near future, and will be a valuable addition to the Institute's facilities. It is expected that the Field House will be used for a variety of purposes, including athletic events, meetings, and social gatherings.

COACH ARBuckle HAS ABLE CORPS OF NEW ASSISTANTS

Tomm Murray and Pete Cusson have been named to coach gridiron and base ball, respectively. Murray, a former All American, will direct the gridiron squad, while Cusson will take the helm of the baseball team. Both men are well-versed in their respective sports and are expected to lead their teams to success.

TIME IS NO OBJECT WITH HER —
MIDNITE MEMOS

Dear Ed,

When you rate and save you want
something real funny for "The Thres-
hor," my favorite was to send my photog-
ref, but I didn't see what they meant
by that, do you Ed? They didn't know
whether it was "Prohibited" or "superior" funny
like that, but it went around like a fire
in a barn.

Guess I'll use them anyway. I will say I
like the ones for those that always
were always a beauty leader, but I be-
er wished I'd thought of them
first.

My new favorite was "I once
met a swell girl up on the
floor and gave her a pair
of my socks."

I hope you can use this, it's pretty
simple. More about your family.
