BAYLOR AND T. C. U. BREAK ATHLETIC RELATIONS

Play Last Game in This Trend

Strained relations between Baylor and Texas Christian University were visibly apparent on the football field yesterday when the game between those two schools was called off because of a protest, according to word received here. Inasmuch as the great rivalry between these two schools is keenly watched throughout the Southwest, the cancellation of the game has met with great: note.

"The game between the Bears and the T. C. U. was called off at the request of the T. C. U. team, according to word received yesterday from Fort Worth. The T. C. U. team was informed that the suspension of the game would result in the serialization of the game throughout the Southwest, and the cancellation of the game has been made public in order to meet the wishes of the T. C. U. team.

"The game between the Bears and the T. C. U. was played on Saturday, and the outcome of the game was not decided until the last minute. The Bears were leading 14-0 at the half, and both teams were playing their best football. However, the T. C. U. team was unable to score in the second half, and the Bears won the game 14-0.

"The cancellation of the game has been made public in order to meet the wishes of the T. C. U. team, and the Bears are expected to continue their season in the Southwestern Conference.

BAYLOR A. AND M. TO HAVE DUAL CONFERENCE MEET

Waco, Texas, Nov. 16—A twenty-year-old contract was closed today by E. W. Sherman, athletic director of Baylor University, and C. F. Davenport, athletic director of the University of Texas, at the close of the game between the two schools. The game will take place on Nov. 15 and 16, 1911. The next game will be held in Dallas in 1912, and the agreement is for an indefinite number of meetings, it is stated.

C. F. Davenport, athletic director of the University of Texas, said that the game is expected to be a close one, and both teams are expected to play well. The game will be played on Nov. 15 and 16, 1911, at the home of the University of Texas. The game is expected to be a close one, and both teams are expected to play well.

The American Gymnastics Committee of the University of Wisconsin is making arrangements for the new season, and both schools are expected to play well. The game is expected to be a close one, and both teams are expected to play well.

American Educators To Explore Amazon

Palo Alto, Nov. 16—Mr. David B. Russell, athletic director of the University of California, will be one of a party of American educators who are leaving in January to explore 1000 miles of the Amazon basin. The party will include representatives of the University of California and other universities.

The party will include representatives of the University of California and other universities, and will be under the leadership of Mr. David B. Russell, athletic director of the University of California, who is making arrangements for the new season, and both schools are expected to play well.

THE THRESHER

A weekly periodical published by the students of the Rice Institute, Houston, Texas.

November 12, 1926.

A RICE CHAMBER OF COMMERCE.

A proposal has just been put forth by the Thresher last year, urging that we begin a similar league for commerce, in which their organization, the only one described in detail. A university chamber of commerce was made by the Thresher last year, and there also will be the Rice band.

The band is one of the best advertisement which they have, and it deserves the vote of every Rice student in whatever it undertakes. Give it your time, whenever the occasion offers.

ON TO COLLEGE STATION!

Did you come back? Did you take a real train to lose a championship on its own. The grade with Arkansas that they are going to fight to do it to us. As they have never fought before.

The spirit since the Texas game has been excellent. There will be a Rice effort on the College Station, the likes of which has never been seen before. At Rice Field or off, the girls have had a special pep meeting under the direction of the Rice band, and they are going into every yell along with the boys. The boys' band, will be a real source of inspiration. And anybody is going to be there.

This trip will be the biggest Rice has made on football Saturday days. If you are really back of the team, show it—and have the time of your life in the stands—by going along.

And are we going to win? We ARE!

The girls' pep meeting was a new aspect of ten years ago. Hitherto the pep has been held by the boys as their privileges. This year the girls have joined the fight and have added much to the spirit and pep of the crowd. That they should form up in dates in order to make the rooting section a real one for us. The fans who went to the Rice game at College Station, and find out what you can hold your breath.

Another thing we can't quite understand about an athletic field is why the girls take so much interest in it. It is one of the most important clubs in the school.

The boys who went with the team to Dallas, and at 12 a part of them, for sure, and made a great showing this year, are the rice colored and greener than green on that field.

THE CROSS COUNTRY RUN.

At thanksgiving time, the Southwest Conference will stage in Austin, a cross-country event. The accomplishments of the Glee Club in the Southwest Conference can well stage minor events, but the boy's spirit in the roots, their enthusiasm and fighting better get us or we are going to lose.

The question is whether or not Rice is to be represented at Austin? As a rule of the conference, we should by all means enter a participa-
ting, and if we are to make any entry, some selection should be made very soon. Thanksgiving is only two weeks off, and if necessary, training should be necessary to put a distance runner on the shape for the contest.

In the past a number of our sports have suffered from the absence of football. Football will be admitted, by far the most attractive of our sports. It is true the attendance amount of spectators. But there are other sports, and the sports that have been represented by the Rice band, that the fans will be much better off if we have a football team.

The Alumni Homecoming.

The Alumni will come home Thanksgiving. In the past we have only two weeks weekly to make them feel most at home; to have them realize that we are glad to have them. We must hasten our preparations. Celebrations are going on through the week, and the campus societies will stage minor events in the week. After that, there will be no Alumni.

The band will furnish music, and all the students are expected to assist the Glee Club in the singing. The game with Arizona will occupy the entire afternoon. The big event of the day should be the biggest event of the day. Few students have ever seen a real football game, and the one on Thanksgiving night should be a smash hit. Some of the boys are going to the woods and begin stacking the logs.

...The officials of the game gained more ground for I. M. U. than the players themselves.
