Eddie Dyer to Lead Owls Coach Arbuckle Awards 18 Letters

Mr. Weatherford Gives Annual Award to the Team.

Eddie Dyer was chosen by his team mates to lead the Owl eleven to a championship team at a banquet which was held Tuesday night.

The past three seasons Dyer has been the Owl’s star halfback and in appreciation of his services he has received the position of highest honor on the team — that of captain.

When his election was announced the Owls rifles organized a special meeting for a few minutes, in order to express their congratulations for the new captain, led by Shorty. Dyer responded with the speech of thanks for the evening, thanking his fellow players and the Owls rifles for the privilege of leading the Owls in 1921.

The Owls rifle season opened with a victory over the Owls, and Tuesday night’s victory over the Owls will place the Owls rifle team in the first position of the Owls baseball championship.

With the Owls rifle team in the first position of the Owls baseball championship, the Owls rifle season has been a success.

A DISAPPEARING FEATURE.

QUI'TE THE MOST disappointing feature of the football harvest was that only 18 letters were given. The Thresher maintains that 19 should be dealt out, which means that the cheer leader should announce no severer penalties.

It is true that it is not a tradition to give the cheer leader as "R", but Rice, as our university is new, and we are making our traditions each day. We could not have a more worthy tradition than that of giving a letter to the cheer leader, who works quite as hard as his coach, and knows how to 'com' through with his war whoop, right after dinner, one can hear the cheer leader patiently giving instructions to his rooters in the form of a cheer, letting them know if our team is going to the game, or any other news that might be wanted as a pinch hitter for our players.

For the Texas game it was the cheer leader who worked for weeks about time, planning for the new stunts he was to spring, and had so little happened which has been criticised, the affair would have worked out happily. In the beginning of the year, the cheer leader who planned the parade before the Baylor game, and led us again after the victory, had so vigorously followed the spirit that set the band a-going, later unearthing our drum major and his Owl strut. Our parking area is marked by his unceasing energy, and Houston became interested and marvelled at our increased college spirit. The great day at the Southampton Club was the natural outgrowth of what had already been perfectly started. All through the year, the cheer leader with the Student Council and the Rice Manhood Club, and the members through Rice, as a result of the combined action of the war whoop and the Owl strut, made the game. We could not have a more worthy tradition than that of giving a letter to the cheer leader, who works quite as hard as his coach, and knows how to 'com' through with his war whoop, right after dinner, one can hear the cheer leader patiently giving instructions to his rooters in the form of a cheer, letting them know if our team is going to the game, or any other news that might be wanted as a pinch hitter for our players.

In the case of football, the cheer leader may be a cinch. But in case of Rice in general, he cannot be counted as a cakewalk. How should the cheer leader explain to you, "Well done, good and faithful servant." If it is then the mask of distinction placed on a servant of the university by the students, the university, the students have quite as much right to bestow it, as any other letter认 in the scheme. When the cheet headlines is giving one, the very rice of the student council can be to "good and faithful servant" on "R" at its next meeting.

DEFENSE OF INTRA-MURAL FOOTBALL.

(Contributed and Published by Request.)

INTRA-MURAL football should not be abolished.

For it is the only form of student activity that has proved successful in arousing real class rivalry.

Freeman's and Sophomore's game of this year showed a vast improvement over those of previous years and the enthusiasm and class spirit exhilarated by this maxim has been exceedingly gratifying.

The attack made on Inter-Claw football in the last issue of The Thresher is quite unjustified.

Football is a sport, which intrinsically means a very serious accident; one a broken arm, the other a wound from an injury received last year in a high school. The other injuries mentioned occurred during preliminary practice: One, a broken arm, one a broken ankle; another a bad cut, the other a broken toe caused by the use of ill-fitting shoes.

Both teams were well groomed and coached.

The Thresher, however, feels it is wrong to do this. In this case, the student body is well served.

No man that played in the game was ignorant of the score. Every one had one or more sources of information from knowledge of football from previous experience; quite a large number having served on various high school teams from two to four years.

As for rivalry, the spirit they have taken regarding the Rice championship is conclusive evidence that the men were well coached.

SOPHOMORE DANCE. 

The University Club was the scene of the annual Sophomore dance Tuesday evening. So characteristic of sophomore dances, the guests arrived in a steady stream and filled the ballroom in an orderly fashion. The program was as follows:

ON THE GRIDIRON—

You fight for supremacy, you tackle the line with a determination to win. You match your skill and foresight with your opponent's skill and strength. The outcome of each game is determined by the efforts of the players in the field, whether they be big or small, strong or weak. The result is a battle, a struggle, a contest of minds and bodies, a test of courage and willpower.

Rice Art Delegation

Small But Very Active

The Philadelphia Public Ledger of recent date contains a reproduction of a landscape painting by Walter A. Neyland, who was a Junior here last year. The picture is said to illustrate an article on the Annual Exhibition of the Pennsylvania Academy Superior School at Chester Springs, Pa., where Mr. Neyland studied this summer. Chester Springs traces its history from the time when, as an inn, it received several visits from Washington. It is in a particularly delightful part of Pennsylvania, and art students from all over the world come here during their summer months to study land- and out-of-door figure painting under the best of American painters. Neyland, up to the end of the first term last year, was a student in the architecture department here, but he then dropped architecture for the serious study of painting with the idea of making this his future profession. The honor done him recently in Philadel- phia shows that his choice was a wise one. Neyland is now working in the fine arts class at the Pennsylvania Academy of the Fine Arts, where he went at the close of the summer season.

Mrs. Cleveland Brown and Miss Marguerite Skeikos were at the sand- stone quarry summer school and, it is said, with Neyland, helped to put Rice on the artistic map of the country. Neither of them submitted any of their art work for this exhibit. They both took at Rice this year.

SPORTS REVIEW

By E. O. Arnold.

A. Pierce of Denton, Texas, will toss the discus with Eddie Oyer and Anthony Day on Rice Field. Pierce won the third title this season and has ever been a bright spot in the Aggie line-up. He played both center and guard at different games throughout the year and was equally good at either position. Pierce is a true football player and has a habit of intercepting his opponents' forward passes and when playing center he often manages to whistle through and tackle a man for a loss. Pierce is somewhat the Harley Jarrett type of fellow, always thinking in the mean and keeping his morale at high tide. He was the letter is received for his determination due to his ability to play. He is a jersey received in the Thanksgiving Number, and it is with Texas that he found a position on the Parents' Fire this year.
