Intramural Track Council Plans Meet March 24th $560 to $9 Book

A Regular, Still Program Is to Be Carried Out—Exciting Times Expected.

Under the direction of Miss Margaret Blackwell, President of the Intramural Track Council, the first meeting of the council was held in the afternoon of March 15th. At this meeting Miss Blackwell called the council to order and announced the agenda:

1. Election of Officers for the Club
2. Determination of funds needed for the season
3. Determination of dates for the track meets
4. Determination of teams to be included

President Miss Helen South stated that the council had been met and had elected officers for the upcoming season. The council had decided to hold six track meets, one every two weeks, starting with the first meet on March 24th.

Miss Blackwell then addressed the council, stating that the council had decided to hold the first meet on March 24th. She said that the council had decided to hold six track meets, one every two weeks, starting with the first meet on March 24th.

The council then adjourned.

A COMMITTEE TO AWARD LETTERS

It is necessary for a committee to be appointed to determine who is entitled to the coveted 'E' because it is not only a mark of excellence but it also signifies the presence of a certain amount of knowledge in a subject. A person holding the 'E' is not only respected by his peers but also by future employers. Therefore, it is essential that the committee is comprised of individuals who possess expertise in their respective fields.

The Student Council has the right to investigate this matter. They understand the importance of the award and its implications. The committee for the appointment of such a committee is a part of the constitution and must be formed accordingly.

The 'E' is not something that can be acquired casually. It requires hard work and dedication. For this reason, the committee members must be thoroughly vetted to ensure that they possess the necessary qualifications.

The students' council must also ensure that the committee is unbiased and impartial. The selection of the committee members should be done with utmost care and consideration.

The committee must also ensure that the award system is fair and transparent. The decisions made by the committee should be based solely on merit and should not be influenced by any external factors.

THE WOMAN'S COUNCIL is inaugurating an essay contest for the beginning of next term. The theme is "Fair of the Social Calendar," which will be given a high placing in the activities that come in a constant train later in the term. The Y. W. C. A. plays of this year and last were in the nature of tragedies, and quite as readily distasteful. It is surprising to note the very large Rice representation on the successful Green Mask bills.

The visits of several lecturers and speakers, notably Sir Auckland Geddes on the Godwin Foundation, will make their difference. The attention and interest of the university and large the term will finally be brought to a close with the graduation and circling of dances and balls of the senior class.

In view of this fact, every student should work closely with the athletic staff to work out any objectionable activities, so as to be able to enjoy some of the events that come in a constant train later in the term.

B. THE POSSIBILITIES FOR a dramatic club at Rice are never brighter than at the present time. A "C" blanket was recently presented to the team by Dr. R. B. L. Smith, of the Rice Student Association. The statute calling for the appointment of the school paper is the unearthing of new material, even when the material is not yet ready to be presented.

A "T" blanket was recently presented to the team by Dr. R. B. L. Smith, of the Rice Student Association. The "T" blanket, which was presented by the school paper, is a perfect example of a "T" blanket. The "T" blanket is a perfect example of a "T" blanket.

TtMELY TOPICS: The "The" is showing "Duel Out of Colour" this week.
