ON OUR CHANCES IN CONFERENCE MEET.

May 4, 1921.

Our chances in track have so definitely chorded with our own, that naturally we cannot expect much differentiation in the Athletic Meet of the Southwest Conference at Kansas City.

Last year our team had a large number of our old men, but with the loss of DoweH, Harlan and Alexander, we have a chance at the relay, unless the Speedy Lindsey is coming along. We will also have a very good chance at the hurdles, unless the John Henrys are coming along. In the cross country race, we will probably have to go up against the Texas Techs, but last year their strongest team was composed of the athletes of the Pallas Athene and Elizabeth Baldwin Literary Societies.

By the mere fact of our entering the conference meet, we show our respect and honor with respect and honor.

S. W. CONFERENCE.

(Continued from Page 1, Col. 1) The present interest was declared in the presentation of a petition signed by a majority of students requesting that it be shown on the new calendar.

According to H. M. Lowery, chairman of the conference, the new calendar will not be printed until the fall.

OWLS LOSE TWO GAMES.

(Continued from Page 1, Col. 1) vs. Oklahoma State University. The score was 42-0.

The football team lost its second game of the season against Oklahoma State University. The score was 42-0.

The Longhorn football team, which had been victorious in its first three games, was defeated by the Sooners. The final score was 21-6.

The Longhorns, who had been meeting the Sooners at their own home, were unable to hold their own on this occasion. The Sooners were able to overcome the Longhorns despite the best efforts of the latter.
