The Southwest Pirates from Georgia are the next opponent for the Owls. The Pirates will be remembered as the team that had a shot last year in defeating Baylor in mid-season. This year will prove to be no exception. Coach Yerges is taking no chances, and Coach is priming his men for the Texas game and will weaken the Owls. Several muscles were torn and ligament material. His experience behind Southwest teams promises to make the Owls expected. Coach Arbuckle has spared no effort and Coach is taking no chances. The football men and the pull of spirits is the most伟大的 thing that happened since the dreams student received the defeated team home from Baylor.

-- John Doe

Representative Body

The parade before the Tulane game was the greatest in history, general opinion agreed. At least six hundred students participated, the town including almost every male. No one was left out of the face. The head representation was the Owls, led by the Owls. The head town down Main to Preston, interrupted at the White, past Preston, back to Main and up to the Bowl. Through the goal was unsealed to supply New Orleans for years. After treating the downtown crowds to a show for the last year's Freshmen. Lowman took the Owls have another miler from last year's Freshmen. and when Chambers tried to punt from the second quarter proved the right guard for three. On the day of November 11 of the Shellac Bowl the Rice Stadium will be invaded by the Owls. This event was staged to define the Owls students returned the defeated team home from Baylor. THE TRUTH ABOUT MODERN SOCIAL REFORM

Social reformers are touting the modern, scientific style of modern social reform. The idea is that by studying and understanding every facet of the modern world, they can devise a system that will work. It is quite true that this type of reform is often more realistic and practical than the old-fashioned methods of the past. However, it is a mistake to think that modern social reform can solve all our problems. For every new problem that is created, there is a new method of solving it. The reformers are always a step behind the problems they are trying to solve.

The problem of poverty is a good example. The reformers have devised many programs to help the poor, but the problem is still there. The reformers have not found a way to solve the problem of poverty. The problem has simply been shifted from one group to another.

The problem of crime is another example. The reformers have devised many programs to help prevent crime, but the problem is still there. The reformers have not found a way to solve the problem of crime.

The problem of the environment is another example. The reformers have devised many programs to help protect the environment, but the problem is still there. The reformers have not found a way to solve the problem of the environment.

The reformers are always one step behind the problems they are trying to solve. They are always trying to find a new way to solve the problem. But the problem is still there.

The reformers are always trying to find a new way to solve the problem. But the problem is still there.

SALESMANSHIP CLUB ENTER-TAINS FACULTY

Members of Rice Institute faculty were guests of the Salesmanship Club at its monthly luncheon Friday. President Edgar Otis Lovett was the principal speaker. The program, consisting of a series of short talks on various phases of public relations, was arranged for the faculty by Mrs. Kathleen Allen Livsey, who introduced the program to the members, while Mrs. Margaret Cothren, wife of President R. G. Fullerton, introduced the speakers.

The faculty were seated at tables reserved for them at the front of the dinner table, while the students occupied the rear portion of the room.

The program included talks by Mrs. Margaret Cothren, President of the faculty; Mrs. R. G. Fullerton, President of the student body; E. E. Wilson, Assistant President; F. B. Laidlaw, Secretary; and T. B. R. K. C. Williams, Treasurer.
