ANNIVERSARY DAY.

Anniversary Day was held a big day for Rice. The Owls had up their share of the honors on the field by taking the Apple from the Aggies and the student body made a noisy cheer by the confetti and poppers shown in the big parade in honor of the event late in the afternoon.

The Owls won the battle with the world with them and they thought only about this battle, because they knew they came to victory by fighting out all of the difficulty that was presented. Rice has no history of speaking what the world is talking about, and has no desire of putting the world under the same conditions as its own. The Owls decided that they would focus on their own internal activities, and that is why the Owls have never been defeated in any of their matches.

It was a very pleasing thing to note the spirit of the two opposing teams that were better than ever before. Friendly rivalry is always better than any other spirit. The Owls have never won a game, and the Owls are most fortunate in this element in a most attractive poetic experience and expression.
