Prof. Russell gave a lecture on astronomy.

The most interesting and complete athletic program that has ever been organized at Rice was the one this year. The programs were started by the Dramatic Club, and the football team was also involved. The entire program was organized by the Student Council, and all of the events were well attended.

The best baseball game of the year was the one between the Rice and the University of Texas teams. The game was very close, and both teams showed great skill and sportsmanship.

The alumni were invited to a special meeting of the Rice Alumni Association, and the program was well received. The meeting was held in the Rice Union, and all of the alumni were present.

The next event was the intramural sports program. The games were very exciting, and the competition was fierce. The basketball tournament was particularly intense, and the final game was played between the Rice and the University of Texas teams.

The winter season ended with the annual Rice University student government meeting. The meeting was held in the Rice Union, and all of the students were present. The meeting was well-organized, and all of the decisions were made in a fair and impartial manner.

About the Thresher

There have been criticisms about the Thresher. The Thresher will not publish things that some of the students object to. If there is to be a discussion on the subject, the students should have the right to express themselves and be classed under the "free expression of ideas." If the Thresher staff wishes to correct any error, they should have the right to do so. The Thresher staff is in charge of the publication of the Thresher.

Midnight Memo

The only thing that keeps the hate off some people's heads is their religion.

"Sheet music," said the student after he had been awakened by his alarm clock.

It's getting to the point where the assistants in various departments are the only ones able to carry a flask in their inside pockets.

We had unceremoniously decided to take our youth's help in the service of our Master, but unfortunately (for us), we saw the price before we sold the lady.

That Engineering Shop is going and has the Easy Easy all, and the best part is that it doesn't cost anything.

Everyone who can gather together a red sock and three dollars will be able to attend the Arch-Arca ball tonight. We might neglect the red sock, but we have to have the Cash in position.

We suppose the reason people cry near walls at night may be because they are so much more secure.

There must be a blind tiger near the plumbing shop—surely so many students don't go to bed as early as they should.

A silas says wonders to each other and when such eyes are held when he said that the girl's eye was her own chimpanzee.

We call attention to the serious situation which is growing more and more serious day by day. We have not been able to get through with them.

None of the students are perfect, none of them.

There are many things that can be done through the Thresher.
