EDITORING OF THE OWL
APPROVED BY STUDENT COUNCIL

Question of Joining National Society of Engineers Discussed.

Rice Engineers at the night meeting of September 28 assembled in the Coai-
room for their first regular meeting of the 1923-24 year. The 1923-24 term had
opened the previous evening for the work of the season. A committee consisting of
one mem-
ber of each class, headed by E. H. Stewart, was appointed to make arrangements for
the
coming year. President Harry Daymara read the constitution of the National Society
of Engineers to the benefit of new members in attendance. He explained the purpose
of the Society.

The purpose of joining the National Society of Engineers was discussed at length
among the officers and members of the society. A vote was taken to approve of the
organization. It was decided to have a social affair of the members of Rice's student
engineering school and a committee was appointed to plan a social event for the
coming year. A vote was then taken to approve of the matter and the meeting was
adjourned.

Rice Degree as Standard as a Golden Dollar

“An age degree from the Rice Institute will be a standard as a golden dollar with
the stamp on it,” declares Mr. Cousins in the following message to the students:

“Mr. Cousins’ message in full follows:

“J. M. Cousins, President

Young men are keen critics of style, they know what is correct, and are satisfied with nothing short of the right thing. They get it in KUPPENHEIMER GOOD CLOTHES.

The new fall styles set the fashion among young men because Kuppenheimer designers and craftsmen have a perfect understanding of what the young men want.

The new styles are here now. New patterns, materials, and colors are being introduced to maintain Kuppenheimer quality at the least possible cost.
