"MENDEL AND THEORY OF HEREDITARY SUBJECT OF DR. ALBENBURG"

One of the most interesting and best attended of the series of 188 lectures on the human side of science was given on the Physics Amphitheater Monday night by Dr. Paul E. Almenburg, assistant professor of biology, whose subject was "Mendel and the Theory of Heredity."

"Mendel's methods of studying the heredity of traits from a common point of view are illustrated in a very interesting and original way. He has shown that the characteristics which appear as the result of a hybridization are not necessarily the same as those which appear in the offspring. Mendel's work has been widely accepted and his theories have been applied in many fields of study."

"By a repetition of this process, Mendel was able to determine the inheritance of certain traits and this led to the development of the modern theory of heredity."

GROUP DISCUSS FRENCH TOPICS FOR THE ANNUAL RHUL

"Why France Is In The Race?" was the subject assigned to the French class on the opening session of the new term. The discussion centered around the reasons why France is interested in the race for air supremacy. The students were divided into groups of five and were asked to prepare a brief report on the subject. The reports were followed by a general discussion of the topics presented. The discussion was well received and was considered to be both informative and interesting. The group discussion continued for approximately one hour and included a variety of viewpoints and perspectives.

"MUSIC CLUB ENTERTAINS AT AUTO HOUSE"

Members of the Ohio Music Club were present at the Auto House last Wednesday evening in preparation for the annual musical program. The program featured a variety of musical performances, including a piano recital, vocal performances, and a chamber music ensemble. The performances were well received and were considered to be of high quality. The group discussion continued for approximately one hour and included a variety of viewpoints and perspectives.

"SOPHS DANCE SATURDAY"

The Sophomore dance took place Saturday night at the Auto House. The dance was well attended and was enjoyed by all. The music was provided by the University Band, and the dance floor was filled with students dancing and socializing. The dance lasted for approximately three hours and was considered to be a success. The group discussion continued for approximately one hour and included a variety of viewpoints and perspectives.

"DEBUT BEAT SUP. R. DUMPS"

In a fierce encounter of baseball the "Kulito" beat the "super-dumps" of Delk and the "experts" of the "slumpers." An average of 500 people were on hand to watch the game. The game lasted for approximately two hours and was considered to be a success. The group discussion continued for approximately one hour and included a variety of viewpoints and perspectives.

"PLAYERS GIVE SPORTS TO CAMP LOGAN SOLDIERS"

Camp Logan soldiers are being treated to a program of sports by the "Kulito" and the "experts." The sports were designed to provide entertainment for the soldiers and to help them relax during their stay at Camp Logan. The sports included a variety of activities, including baseball, football, and basketball. The group discussion continued for approximately one hour and included a variety of viewpoints and perspectives.

"NEW SEATING ARRANGEMENT IN COMMONS"

The new seating arrangement put into operation last Tuesday morning continues to be popular. The students are expected to keep on coming back because of the comfort and convenience of the new seating arrangement. The group discussion continued for approximately one hour and included a variety of viewpoints and perspectives.

"The Presher" is a weekly newspaper published by the students of the University of Texas. The paper covers a wide range of topics, including local news, campus events, and national and international news. The paper is published every Thursday and is distributed to students and faculty on campus. The paper is written by students and is edited by a team of experienced journalists. The paper is known for its high-quality journalism and its commitment to providing a diverse and balanced range of perspectives on the news. The paper is widely read and is considered to be an important source of information for the University of Texas community.
Harvard University: Phil beta kappa has recently established a tutoring bureau for the purpose of helping undergraduates and graduate students deal with their studies.

University of Southern California: the women of this school have initiated a tutorial bureau which is open to the public and which is staffed by graduate and upperclassmen. As a matter of fact, many of the students are being tutored by their own classmates.

University of Illinois: the student body of this school is made up of three organizations which are in charge of the tutorial bureau. One is the academic organization, another is the professional, and the third is the student organization. The bureau is open to the public and all students are free to use it.

University of Texas: the student body of this school is made up of the following organizations: the academic, the professional, and the student. The bureau is open to the public and all students are free to use it.

University of Pennsylvania: the student body of this school is made up of the following organizations: the academic, the professional, and the student. The bureau is open to the public and all students are free to use it.

University of California: the student body of this school is made up of the following organizations: the academic, the professional, and the student. The bureau is open to the public and all students are free to use it.

University of Chicago: the student body of this school is made up of the following organizations: the academic, the professional, and the student. The bureau is open to the public and all students are free to use it.

Duplexible Brats.

Don't carry a hanky in your purse unless you are capable of using it.

What's this world coming to when gentlewomen students assume to order little secrets to their chum will be the only word she is going to say. When the girl who deserts her boyfriend is not going to be allowed to say "I love you," she is going to say "I hate him." When the girl who deserts her boyfriend is going to put a stop to this sort of thing.

Do not do anything you are ashamed of. If you can never tell at what moment the "SOMETHING" of the soul will be taking a snapshot at you.

Your Voice is just like your Grace.

"It is indeed the organ of the soul!" Men crossed the country to hear it. Years before it had been enjoyed under the spell of a great leader. Each breath it held, each note it sang, so many soft sweet notes. Nothing might entice it. Your voice is you. When you are a woman, you are your business partner. Nothing but sweet notes. Nothing but sweet notes. Nothing but sweet notes. Nothing but sweet notes.

Add the Long Distance operator, and you have the person who raises a smile.

A pleasant affair of Friday afternoon, Feb. 9, was the wedding of Miss Zelda Harris and Roy H. Lindsey on Wednesday, January 9, at 6 o'clock in the Cranmer Club. The marriage of Miss Zelda Harris to Roy H. Lindsey was announced by announcement has been made of the marriage of Miss Zelda Harris to Roy H. Lindsey on Wednesday, January 9, at 6 o'clock in the Cranmer Club.

Several important events were attended by the members of the Engineering Society which was organized just a year ago by Mr. Donald Rothchild. Among these was the annual general meeting of the Engineering Society and the annual general meeting of the Rice Engineering Society on that occasion.

The coming International Treatate to be held at the Rice Field in connection with the Rice Engineering Society on that day was discussed and it was decided that a small engineering show be staged as was done before on a similar occasion. The meeting will be concluded by a buffet supper.

Never before has a committee been appointed to assist with various phases of the work for the proper reception of the guests. In second was a policy of "Rice first and always." The committee of the society was asked to show the visitors around Rice and to make sure their visit was a pleasant one.

INVESTMENT ADVICE
It is estimated 2,000,000,000,000,000 were lost in a year through worthless investments.

THIS Bank places at the command of customers its facilities for judging the merits of any investment or security and will testify its value and worth to the public. It is our opinion that no investment is safe that has not been sufficiently tested and that the public is in need of advice and assistance in this matter.
