A brief word about the old Rice Fight and the great spirit and enthusiasm that united the student body, especially in the days before the introduction of modern sports. It was not merely a matter of individual excellence, but a reflection of the whole school of the sacrifices and hard work that went into making the school what it was.

Other universities with far less brilliance in scholarship and athletics have come to pride themselves in this old Rice Fight, which once was such a source of pride and joy.

So the next time you hear the strains of"Fight, Fight, Fight, for Rice School," it will be with a feeling of pride and respect.

TENNIS SEASON IS HERE

The Rice tennis teams are ready to make a strong showing in the coming season. The boys are in peak form and the girls are eager to prove their worth on the courts.

The Rice Tennis Club is sponsoring a series of tournaments, including the annual Rice Invitational, which is a major event in the tennis calendar.

The team is coached by Mr. James Brown, who has guided the team to many successes in the past.

In order to support the team, the Tennis Club is holding a series of fundraising events, including a benefit concert and a bake sale.

The team is also offering private lessons to anyone who is interested in improving their game.

So come and support the Rice tennis team as they strive to bring home the trophies once again.

For more information, visit the Tennis Club's website or contact Mr. Brown at 123-4567.

Opportunity and Ready Money

Go hand in hand. Opportunity never knocks where thrifty preparation has not been cultivated.

Houston is Opportunity

Houston is the cotton center of the Southwest. Her brokers and factors handle one-sixth of the American cotton crop.

Houston is the center of twenty proven oil fields, which produce more than 5,000,000 barrels a month.

Houston is a seaport. Her ship channel now has a depth of 25 feet, but work is under way to deepen it to 30 feet. She handles 60 ships a month.

Houston is a distribution center. Nineteen railroads meet the sea here. She has just spent $4,000,000 to build wharves and a belt-line railroad, and has just voted $4,000,000 more.
