POLITICAL POT SIMMERS LITTLE OVER ELECTION
Private Electioneering Going on For Few Candidates
FOUR IN RACE FOR PRESIDENT

Just a ripple here and there disturbs the quiet of the Rice political pot which at the same time last year was in a furious boil. Some of the important office here but one nominee, others only two.

Private electioneering of a few candidates seems to be featuring the election this year. Ben Mitchell, who failed to get the staff nomination for accessories chairman of the Theta Kappa, (the nomination going to E. O. Arnold) is said to be campaigning outside of the campus. Arnold has had some experience on daily newspapers and on school publications. Mitchell's journalistic work while of good quality, is limited to school papers.

Another newspaper which is expected to prove interesting is the one for cheer leader. Jack Walls, Theta Kappa's candidate, and W. B. Wexler are out for Stuart's-Young's candidacy for re-election.

But passing interest is being shown in the big race—that for president of the university. The major candidates who are attempting to have the support of the engineering faculty are William C. Elliott and Mr. Potts. Miss McLaughlin is a candidate for the Junior class. Lennis Thomas is expected to be in this race for this office. Harry Kizer has considerable backing and promises to pull a large vote.Indications are that Allen Sproule is the likely candidate for this office, it will be a vigorous contest.

The conference—small shows promise of being a lively contest with Heard, Anderson, Moore, and King all running neck and neck and with Lennis Thomas taking the lead. All of them expect to pull a large vote. Names of the nominees in the other offices vary as do those of the candidates for home rule council. See page 5 for full list.

STUDENT COUNCIL President—Crenshaw Baker, Freshman; Vice President—J. C. Moore, Junior; Treasurer—P. J. McClean, Houston; Secretary—J. F. Hovey, Houston. (Copied by page 5.)

WRITING CLUB GIVES DRAMATIC PROGRAM FOR FINAL MEETING

The open meeting of the Writing Club scheduled for 8 p.m. Monday, May 10 which will also be the last meeting of the year. The programs and business will be in charge of the meeting, which will be held in the main building of the Home.

The program will include three monologues, selected from among a number written during the semester by the members of the Club. "In a Breeze," by Elizabeth Starcket is being given by Jean A. Sproule, and includes in its features of unusual interest. Dr. C. E. Elliott and Mr. Potts.

All-Round Rice Girls to be Chosen Monday

The All-Round Rice girls—popular, scholastically proficient, and a participator in one of the sports—will be selected Monday, May 19, at an announcement in the classroom designated for this purpose by the Women's Club. It is expected that the meeting will be a large one.

The site is expected to be made this year a "Peripatetic MAP Field." The speeches during the Civil war was chosen and the map beside the choir was selected for the purpose. May White Sale

In Progress!

Fashion has decreed that this shall be a "White" Girl's Sale, therefore in New York it is called "the" girl's sale. If the fashion magazines are talking it—and the public is in a most receptive mood—then, of course, it must be so.

RICE THRESHER, HOUSTON, TEXAS
 Visitors in Houston and at Rice last week

Frank Puzy was absent from classes several days last week on account of illness.

"Guitars" Stalnaker and Bobby Ross were visitors at the cloisters on Wednesday, April 13.

The date for the wedding of Miss Annie Ruth Lowdell and Old Stevens Van De Mark has been set for the evening of May 30, at Christ church.

Mr. Frank Brogniard, who has been absent from the Institute for the past ten days, visiting various Eastern points, has returned, and reports that a girl will receive a berth and all the other musical organizations. Invited guests for the reception of Mrs. Nell T. Masters, who is visiting Mrs. Nell T. Masters, were visitors in the cloisters on Wednesday, April 25.

Van De Mark has been set for the evening of May 30, at Christ church. Annie Beth Lockett and Otis Stevens were visitors in the cloisters on April 13.

The toastmistresses will be Miss Sybil Marie, who is visiting Mrs. Nell T. Masters, and Miss Sybil Marie, who is visiting Mrs. Nell T. Masters.

The Green Mask Players will present a group of plays for the end of the term. The first will be on Thursday evening, April 18, with the cast of the Green Mask Players and some new members who will be seen in the various casts.

On Monday afternoon, April 15, between the hours of 5 and 6, Dr. Harris Wood entertained with a reception at the Autry House Tuesday noon.

The following is capped from a recent letter of Mr. F. H. Babcock, superintendent of the Texas Agricultural and Mechanical College.

Robert Lee, 29, when given his position with the United States Revenue Service, has been accorded a warm and touching tribute from the Bowls of Operation at Port Arthur. He had told his three engineers who Teuton neutrals had the ball and failed to make good. The department was then told to be told what he could do, and the ball the Texas Hash a great race for second place.

In the field events the Owls won two and the Aggies won three. The Owls won the discus throw. McGee of Rice was over half a tap ahead of the Rice entries.

The coappearance has been recorded of "The Filling of the School." By H. C. R. Conze, 1862. This is the next meeting.

The Houston Bowl Club will hold its next meeting in Hermann Park on May 6, when the members will enjoy the sliding board and the merry-go-round, and the ball game is scheduled.

C. A. Stoltenberg, 29, is parting with his father and will return to Corpus Christi.

The 100-yard dash was particularly exciting. A great deal of speculation was made as to the probable winner before the race. At the signal the starting gun of Thomas of Central was heard and the starters were off. The race was only short and the excitement was intense. The spectators were on the edges of their seats, waiting for the result. The race was won by a close margin. The winner was Lawrence of Heights, followed by Kays of Heights and Hoffman of Central, in that order. The time for the 100-yard dash was 11.3 seconds.

The 220-yard dash—First, Cockreil, Alvin; second, Kays, Allen Academy; third, Lawrence, Heights; fourth, Hoffman, Central. Time, 22 1/2 seconds.

Cockreil, the Alvin flash, Kirksey of Allen headed. Ooose behind him and pushed Allen Academy, brother of the famous Allen. When the leading man felt on the last hurdle races by a few inches, and Smiley of Central passed him to have the lead. There was no one behind him, and he could have made up the lead gained.

The 440-yard dash—First, Hoffman, Central; second, Coles, Central; third, Lawrence, Heights; fourth, Hoffman, Central. Time, 4 minutes, 38 seconds.

The 880-yard dash—First, Hoffman, Central; second, Coles, Central; third, Lawrence, Heights; fourth, Hoffman, Central. Time, 5 minutes, 32 seconds.

The 1,600-yard run—First, Lee, Cleburne; second, Burns, Dayton; third, Cortemeglia, Allen; fourth, Biedsoe, Port Arthur. Time, 10 minutes, 23 seconds.

The 4,400-yard run—First, Howard and Smiley, Central; second, Hoffman, Central; third, Hoffman, Central; fourth, Hoffman, Central. Time, 13 minutes, 24 seconds.

One-mile run—First, Lee, Cleburne; second, Burns, Dayton; third, Cortemeglia, Allen; fourth, Biedsoe, Port Arthur. Time, 4 minutes, 47 1/2 seconds.

Half-mile—First, Thomas, Heights; second, Hill, Heights; third, Kays, Allen Academy; fourth, Brown, Dayton. Time, 1 minute, 37 1/2 seconds.

One-half mile—First, Thomas, Heights; second, Hill, Heights; third, Kays, Allen Academy; fourth, Brown, Dayton. Time, 51 2/5 seconds.

Three-mile run—First, Yarborough, El Campo; second, Belcher, Victoria; third, Witter, Houston; fourth, Hoffman, Central. Time, 22 1/2 minutes.

The Central man but valuable territory gained, and he was left in the lead. Two men were left of Central to make the final jump, and the manager of the university paper of 1880 considers the chances of the men on this side as sufficient compensation for this service. The manager of the university paper of 1880 considers the chances of the men on this side as sufficient compensation for this service.
