RICE Topics

J. Frank Norris, in his talk this week—lingering militantly against the Rice Biological Department. The biology department, he implied, is a bloated beast.

Perhaps Dr. Norris is right. But if he isn’t, it will be difficult for him to have the world’s only elephantine specimen of biological faculty. Between lectures and his periodical speech, he has been seen with a drowsy, and change tourists a dime to see him, thereby making receipt of a gold diploma.

One of the first to defend Dr. Almony in the biological equation was Mr. E. W. Williford, pastor of the First Congregational Church, Stratford and Whitley streets. Dr. Williford's letter is at once decisive and again this fall.

We are told indicating an age of maturity, with a pertinacity indicating indications of an age of maturity, with a pertinacity indicating indications of a future. Dr. Williford was not without prejudice against his biology department. He implied, in his letter, that she was one of the "boregots" of the university managed to be both evolutionists and Christians.

It is possible for "biology" and "theology" to live in the same domain in peace and harmony.

"Our pet in the zoo" creeps terrapin-like
towards the "ocean." The zoology, of course, says, that will see those imaginative lizards come to a threefold existence. It is a group of human nature which is willing to consider the book for publicity about funerals as a means of alleviating the constipation of the blackboard as to another degree and allow discriminations against your "wrong" attitude. You can "knock it off."" "Seem to me to be a little thing to be thankful for.

We sing "For Rice's Honor," we pray "Tea, Rice," then we sing a scale under the white sheet.

Even if it were merely the present of the blackboard, there is no question that the moral youth of nature enough to play a part of it.

Barney Mott's don't wish to write a letter, that is, if he is a boy to stand up to be dangerous to trifle with Harris Motterson against.

The most crucial game of the season, for Rice, is to be played in Lub- bok, Texas tomorrow. The team has gone out, and on the road, no resting to rack them. A new destiny, a higher altitude, 70 miles from home to play the first Conference game of the season, and it can start some definite work. The team has been working hard and well. Kenneth Alexander is one of the players.

Rice has the most creative spirit of any university in this country. To the bold-front newspaper, Rice is the name of the time. The Rice is the name of the task.

There is no question of getting their pictures in the paper. There is no question of getting their pictures in the paper. The baseball players are being featured by Curtis C. Fox of the Daily Texan. Mr. Fox is reporting in the "Campus Life." The writer has to be asked for the article, and it will be asked for a sure way. The writers have the privilege of another picture in the paper. It is a rare privilege to have the privilege of writing on this paper.

The writers have the privilege of talking to their picture in the paper. It is a rare privilege to have the privilege of writing on this paper.

One of the most creative spirits of writing is Mr. J. W. Houston, a student at Rice. He is working on a novel which will be printed in the weekly publication in the college. The novel is regarded as one of the most creative spirit of writing.

The novel is regarded as one of the most creative spirit of writing in the United States.

RICE AND THE THEATRES

VAUDEVILLE.

The terpsichorean art predomi-

nates at the Majestic this week. Out of

seven acts four consist merely of
dancing. But these dancing acts are

all so different from one another

that they do not become tiresome.

The headline feature this week is

"The Run Dodgers." This act is a short

gymnastic musical comedy with a

lair of girls in pretty costumes and

Harry Coleman as the chief laugh

producer. The act is good.

Harry Rose, "the Broadway Jester,"

would probably appeal to Rice stu-

dents with his easygoing personality

and charm. He is good beyond a
doubt.

The dialect davenport Valda made

a big hit with the main mem-

bers of the audience with her danc-
ing, and especially her personal-ity of

changeling coutures before the audi-

ence. All acts make, but this is good.

The four Rabbit retainers, in a very

flavor recital of song and music, are

very accomplished and must leave

an appreciation of this act.

Hedy and Viz Payson open the

tof the evening in a contribu-
tional and, incidentally, the whole

of some clever just

steps with the aid of Payson's orches-

tra.

"Hot Air," with Jack In

Bell and Jack Watson, was unusual

ly good. This couple followed the

title of their act to advantage and

bush showed some good just danc-

ing.

Jesse Black and Francesca Daniels,

"Hobo," staged some clever just

steps according to the whims of the

orchestra.

"Wait a Minute," with Jack In

Bell, and Jack Watson, was unusual

ly good. This couple followed the

title of their act to advantage and

bush showed some good just danc-

ing.

Arrue House, Anson's Palace, Phi-

ly's augmented orchestra, with Bert

Watkins on the piano, completed the

program.

The bill for next week will be as

follows: Laura and Mary Speyer

in their Twenty-Second Season Re-

spa, Sydney Banta, "London John-

tone," popular dancer, and Ethelynne

in "Nothing Serious." William McKay

and Ethelynne present a farce com-

edy, "Take My Tip." Weaver Broth-

ers' and Ethelynne's presentation,

"Making the Movies," will conclude

the program.

Does your P. M. schedule read like this?

If your burning ambition is to excel in all around society man, you couldn't have planned your evenings better. Such a schedule will pull out over the indifference on the one hand, that for the young portly in his vicinity, a physique of good men reached and kept above the crowd by taking a right. But you intend to make your mark in engin-

remember this— the harder you work right now in getting a grip on fundamentals, the easier things will come to you when you must solve still bigger problems. And if you take it easy now—well, look out for the law of compensation.

It's up to you. While you've got the chance, seize it, dig in, plug hard. It will pay— in cold cash.

**PEN MILL WILL TALK AT MEN'S CLUB MEETING**

International Relations Discussion Group is Addressed by Student Traveler.

An address by A. P. Penmill of the Rice faculty, and other instructors, Pen mill and Richard Wex, will comprise the program for the International Relations Discussion Group to be given Tuesday evening, regular meeting of the group in the Actry House. Professor chairman of the meeting.

The oratory evening in which members of the group are taking part in the discussion is most interested in the meeting, according to a statement by Duggar, who was chairman of the last meeting.

The International Relations Discussion Group is an informal organization of men students who are interested in the political and economic affairs of the world.

At the last meeting, Monday night, the group was addressed by Ben Rushing, who told of his observations and experiences in Germany, France and Belgium this past summer; and the political and economic affairs of the world.

Central Plays
• Beaumont Today

Rice field is being used a plenty these days.

According to the schedule released for the final games last Wednesday, these two teams of men will be seen on the field in spite of the fact that the former is up in Arkansas having it not with the Southeasterners. Today at 8.45, an important Intercollegiate League game will be played when Central High of Beaumont meets Houston High on Rice Field. The last high school games are always strong contests between the two big rivals.

Last Saturday Houston saw Central High defeat M. T. H. Mary's by the score of 3 to 2. The Central gridsters displayed a good brand of football and cut away with the 125 points from the rear.

Tomorrow the Mills will play the same game in the University High School of Beaumont,—another interesting setup.
