**Rice Topics**

That unaccustomed touch of Oswa—what wouldn't the fans give to be in the bleachers with us to-day? To be sure, they won't be here in the bleachers, but at least they will be there in spirit. The close and earnest voice of the fans is the only thing that matters. Even the game itself is not so important. The best of all is the close and eager attention that marks the game more valuable than strength, cleverness or brains, even if a game is played primarily to physical skill.

Our motto, at A. & M. game: "Soc
A LEADER OF YELLS AND MEN.
Blonde, kind, and "all right"-backed Frank open face, with the "Eveready Smile"—
A leader of yells is not supposed to manipulate an artist pen or
brush with adjectives—
A little more, one that grasps a situation half a lap ahead of
the average follower, one that isn't satisfied with things just
because somenone else is satisfied with them.
Vertical high lights can not form an accurate reflection of Jack Glenn. Somehow, someway, he has stepped into a niche at Rice
never before occupied. In next year's "Yell Leader" was anybody
who wasn't too embarrassed to stand before a crowd and say
"Now let's give nine for that old team."
But Jack Glenn is more than a leader of yells, he is a leader of men.
Glenn has a predecessor that makes yelling an intense business,
makes it a deep research into man physiology. He has done more with less in the shortest time than anybody ever step-
ped on campus. That's what is so bright for him, but what is that
Yell leader of two years hence going to do? Does the school doubt,
As The Thresher does, that another man with Glenn's personality
and ability will be found to succeed him?
RICE RESTROOMS FOR MEN.
The authorities have failed to set aside a single room for the
use of the town male students. If a Rice man wears an overcoat
in an overcoat, get it here. You'll

for a touchdown. Rice made her's Aggie combination that could punctuate straight football. Partly right, but—due to its going out of bounds after that—averaged 60 yards and kept the got off some punts in the first quarter an attempt to place-kick goal. Then line in the fourth quarter and blocked touchdown, slipped through the Aggie touchbacks, or to any man on the field Saturday. They have played their good games, and goalies were frantic to get in the top and give their all against A. & M. But the little men had the chances; they refused to give it up. Fighting Owls—

"Continued from Page 2"

A. & M. stood up for the try for point. Big Bill Harris, Rice's place kine man, full back on the point of the Owls in the second period. The ball fell harmlessly to one side. Chambers fell, carried by the impact of the ball, and in the open end of twenty yards.

It was the most crucial, most thrilling and emotional moment in Rice football history. For that The Victory Means.

That blocked kick, it is believed, was the greatest, most spectacular, most nerve-racking moment in Rice football history. Rice men now and hereafter will have "that kind of a lot of "rough stuff" to talk about," saying that Rice was on a winning streak in straight football. Partly right, but—disturbing blocking, hitting, all at once, a regulation play, things will be remembered, that Rice two years later by receiving a pass from Rice's center and running for a touchdown, had blocked that.

Furthermore, Rice used 11 men, instead of the 9 men, and that because of an injury. Coach Piner had to substitute 9 men in the second quarter and first 3 minutes. He tried vainly to find some Owls combinations. It cost us twenty yards, and in the third period. He kicked the ball out of bounds and in the fourth period. Aggie Friends have accepted the defeat, but it was a victory for the Owls in straight football.
