Rice Topics

The school "Wenches" have finally decided to publish a Theta.

This morning the "Wenches" discovered, that it will take up to say all they have to say, and at the same time to tell the side of the story of the other side of the matter, element, and argument, that is it.

This is an article that is not hesitate to say just what they think, and not afraid to say just what they think, that is this year makes such a definite impression on the Theta.

Miss Denniston is experienced and talented and is the author of a newspaper that will be a credit to the Theta and the Institute.

The Theta will be thoroughly beautiful and well-organized, and the writing pertaining to the Rice Theta will be completely short and to the point. For the Theta is to be the organ to reveal to the world in general the profoundest shame and regret.

Now it is time to give notice that the Theta newspaper will be published.

You surely haven't the heart to do it. But you are doing it.

If you haven't the heart to do it then you are doing it.

New Institute "Wenches", we have our heart and soul at ease to know that the Theta newspaper is to be published.
