Students' Council Meetings Wax Hot
Co-Eds Are Defeated In
Classic Election Conf.

In accordance with the usual custom we are printing the minutes of the Student Council meeting of this week of interest to everybody.

Meeting called to order by Presi. Mabel Sunshine, A.6.0. (M. H. Blake is ill and was not present at the meeting).

President stated that the meeting was held to consider a petition from members of the Sophomore class, presenting the students' requests for a new term of three weeks.

A motion was made to table the petition till the next meeting.

Mrs. Rearl, B.6.0, seconded the motion to table the petition. The motion was carried by a vote of seven to four.

It is understood that a general discussion among the members of the Sophomore class will be held during the coming week.

An informal meeting was held after the meeting to consider the question of changing the three-week term to a two-week term.

The meeting adjourned at 11:30 A.M.

Just Before the Battle, Mother.

The A. M. A. *That* announces the appointment of Mr. Dicke as Fire Chief. Very appropriate, we must say.

Mrs. Thresher's entire family wish to express their appreciation to the students and teachers of the university for the helpful suggestions in last week's issue. Thank goodness you warned us that we would have to start all over instead of just improving on what we did last week. We will do our best to meet your approval.

And do not let it be said that we did not deserve the Daily. Our main是不是 which girls do you think we are, any girl that wants to be a student at this university or otherwise. We are not a thing copied in this whole paper—this is us, that's us, and we are not an Undergraduate Union Society.

We don't see how the Ricecan revolutionary spirit can possibly flourish in a library suited only for the study of the proper atmosphere. We did our best, we put our foot in the grave, and our body on the table, but we failed to end the love of the students. We are of the mind that we feel that two important things—No.1: our English is not very good, and No.2: we don't offer any courses in English. We did not settle all the English courses, but we did offer courses in English. We passed the papers on the students at the same time. But when the students were asked, our Lord Camels) and second; we did not settle all the English courses, but we did offer courses in English. We passed the papers on the students at the same time.

Try-outs for the play will be held at the Autry House, February 16th, 11:30 A.M. and March 1st, 11:30 A.M.

Rain brings Good Times To Raquet-Swingers

Unpredictable weather turned the final and most tortuous of the Rice tennis tournament into a game of chance. There were no underhanded moves. The players were given a rising vote of thanks for their splendid effort. But here's the paper—an adventure. We shall probably all have a holiday week in the third term.

The Rice tennis tournament was conducted on the back of the Autry House. The tournament was open to all members of the Students' Association. All the games were played on the courts of the Autry House. The tournament was conducted by the Student Council in charge of the tennis.

We have accepted this challenge to meet the boys on their own

received in this way.

the student body of the Rice Institute. For some unknown reason it could not "stick" to a vote

that this would bring about a more democratic spirit. Those of
you who attended Rice at that time will remember how each elec-

direct and "without" struggle. Perhaps the extinction of the
club did help somewhat—it is a rather difficult thing to deter-

The greatness of a philosopher is the explicit, daily expression of his philosophy. If merely a minor event, his recognition of the spiritual nature and the inherent moral worth of the individual, to be treated with respect and dignity. Kant, in the introduction to his "Groundwork of the Metaphysics of Morals," stated that a person should act only according to that maxim which he would wish every other person to follow.

The program for the following week opened at 8 o'clock. Miss Dorothy Hunt will spend the weekend in Dallas, going as representative from the St. Mary's New Class to the Methodist Federation of Student clubs at St. Mary's. Miss Mary N. A. Lamb, countess of Miss Barry, will also attend the convention as representative from St. Paul's.

At a meeting of the P. A. L. S. Tuesday, a most interesting program was presented. Miss Etheldra Fraley gave two relays in the "World is Waiting for the Sunrise" and "Marchetti". She was accompanied on the piano by Miss Maude Blythe. Miss Margaret Lipton reviewed "The President" by Alice Cary Miller. The program for the following week was given by Miss Rosamund Zucht, who will review "The Cathedral" by High Wycombe, and Miss Pauli Hood, both of whom are new members.

The committee in charge of preparations are Bertha Harlow, Eliza Ann Hance, and Miss Maria Jones.

**IN RESPONSE.**

"It was many and many a year ago, when 17 million yards of lace, that a young man asked us if we would be so kind as to be a witness at a young woman's exact moment when she saw the world for the first time. It really amazes us to note that the answer is so evident; that there is very little use in commenting on the request, but we are more than willing to oblige.

"When speaking of this to a member of the stuff, that person remarked, "Oh, yes, tell them. That will be so nice."

Now, as regards the return of the lace, we have at least one piece that isn't a perfect piece. Her first idea came to her in a flash, and she asked if we could find something to replace it. We did, and she was perfectly delighted.

"Every woman has her hat to be held by others. But I don't think it is very easy to hold a hat that was just too plain for anything and "did you ever see such a get-up?" behind their backs. Every new hat is bound to be "children."" We are looking for endless profit in the second. All done, done, and done.

"That's a very nice hat," the lady said as she got up and walked into the library.

"I am so glad you like it," the librarian replied.

"Oh, it's very nice," the lady answered. "But I don't think it is very easy to hold a hat that was just too plain for anything and "did you ever see such a get-up?" behind their backs. Every new hat is bound to be "children.""

RICE TO PLAY TEXAS NIGHTSTAND

Rice plays Texas University in basketball games scheduled for Monday night and tomorrow night. After winning the game last year, the Rice men have been looking forward to this year's meeting with the Texas team. Rice has had to face the problem of finding players, while Texas has a team of its own. This year, the Rice team has been able to recruit new players, while Texas must rely on its own. The game is set for 8:30 PM tonight and tomorrow night.

GIRLS' ATHLETICS

The girls are entering into athletics and out-door sports of all kinds. The Freshmen are especially interested in the new team. The girls are up against a stiff proposal, but they will do their best. The girls are responsible for the loss of money. Rice has been losing money, and the girls' team is a decided expense. Rice students are the team's spirit. They've got the stuff they need and are ready to play. In lieu of this, Rice has not lost a game or had a chance to lose a game. Noble, Rice and Knox won for a team of eight.

Whether they win or lose, let it be remembered that with a 1-1 record they have done. To play Rice, February 19-20. Rice faces a tough series of games. The 9-3-1 record is the best in the Intramural race now going at the University. With the aid of these hints and Greer, Ftavin.

With Oklahoma A. & M. at Stittwater this season. Rice plays this season will be February 22 and 23. Rice goes to Texas and knock 'em for a row of games. Because he saw the satt shaker.
It's all very well to talk about "beaming sunshine" and "keeping up a terror pace" and all that, but we're like women in the shade at the end of the first half. But when one can't help but be disappointed at T. U.—how can they expect to last till two o'clock the night (or morning) before the meeting; otherwise it positively will not be considered. This is a result of constant hair-splitting and disagreement among the MEN over the wording of inexpressive motions. The girls can certainly do better than that—and the Women is covered of covers-up boys, too.

"Boosting February" Sales
Have just one purpose—the doubling of the sales of last February. Our policy is "Little Profits and Fast Turnover." To tell many good merchandising at a small profit that we have ever done—a thing that is a perfectly natural and necessary thing to do. We are raising our prices only to further increase our reputation for selling good merchandise at fair figures. To accomplish our purpose, we have made plans to accommodate the expansion of our store and to keep our customers in touch with the latest developments in the industry. We will continue to give our customers the best service and the best merchandise possible. We look forward to a successful February and to the growth of our business. We appreciate your patronage and we hope to serve you again.

Who's Who?

(But then we've probably got it all backwards.)

There is one assistant of tall and lanky build, who is known as the "tomato eater" for his love of the vegetable. He is always seen with a stack of newspapers under his arm, and his face is red from the constant exposure to the open air. His name is Tom, and he is a very popular figure on campus.

Grant's Tails, the new boy and the new girl of the group, and they have played a great role in the recent events.

The boys who are in the group are the only ones who can't stick together. Here's an example of what the girls do not allow in the social circle. When left alone, some of the boys have a bad habit on the subject.

You see, the group is such a close-knit organization that they would end it. They are so proud of their achievements, and they are willing to risk anything to gain more glory. The boys are always trying to prove themselves in front of the students, and they are not afraid to take risks in order to do so.
