**Student Friendship Fund Campaign Closes**

The philanthropic campaign, which has been under way for the past three weeks in an effort to raise $20,000 for the Student Friendship Fund for the relief of needy foreign students, has come to a close. The total amount raised was $19,700. The campaign has been a great success.

Preparations for the campaign began several weeks ago, and the tone of the campaign was set immediately. The campaign was aimed at raising funds for needy foreign students, and the campaign committee was determined to make it a success.

The campaign committee has been working hard to ensure that the campaign would be a success. They have been meeting regularly to discuss the progress of the campaign and to come up with new ideas to increase the amount raised.

The campaign has been a collaborative effort, with the help of many individuals and organizations. The students and faculty have all worked together to make sure that the campaign was a success.

The campaign has been a great success, and the Student Friendship Fund will now be able to provide financial assistance to needy foreign students. The campaign committee is already planning for next year's campaign, and they are determined to make it even more successful.

**Amos Club Elects 15 New Members**

At the last regular meeting of the Amos Club held at the Freshman Club last Thursday night, fifteen probationers were voted into the organization as active members, having done satisfactory work during their probationary period.

Probationers are selected by vote of the members of the Class of 1924 at the regular meeting of the club. They are chosen because of their character and ability to contribute to the club's activities.

In this way the club is able to maintain a high level of membership and to continue its traditions.

**Interesting in Feature Story Contest Grows**

A sudden interest has been manifested by college students in the feature story contest being conducted by the B. and Q. contest committee for a prize of $25. The contest is open for all students, and the prizes are offered to those who can come up with the best feature story.

The contest is being run by the B. and Q. contest committee, and the prizes are offered to those who can come up with the best feature story. The question of parking automobiles at Rice has been a problem. It is not an easy one to solve, and the governing body, a sort of guardian for the best interests of Ow!, has been making many efforts to find a satisfactory solution. A sort of guardian for the best interests of Ow!, they have been trying to study the matter with due care and attention. They have, in fact, been trying to study the matter with due care and attention. They have, in fact, been trying to study the matter with due care and attention. They have, in fact, been trying to study the matter with due care and attention.

Somehow, somehow, I can't bring myself to believe that some day I shall dwelt in the bug-house for the rest of my life. It is far better to feed the goldfish in my aquarium, to watch them swim, and to feel that I am a part of their world. At least, that is how I see it. But there are others who have an apartment on the same floor, who see things about in a different way. They have, in fact, been trying to study the matter with due care and attention. They have, in fact, been trying to study the matter with due care and attention. They have, in fact, been trying to study the matter with due care and attention. They have, in fact, been trying to study the matter with due care and attention.

Beautiful String Brings Unique Epidemic Tours For Hard-pressed Engineers

The spring semester seems to have brought with it the usual epidemic of inspection tours among the engineering fraternity. This year it has been the privilege of a number of untired hosts to entertain the Univer:
ity of Texas, the Rice Institute, and the Light and Power Company to lunch and inspect the Deepwater plant. In all, there were several days ago.

Last week the autumn and mechanical took an extra, since the New South had a number of students who showed them the railroad shops. Incidentally, these shops are considered to be the finest in the country.

The plan was to visit a trip to the Gulf, St. Lawrence, and the Senior mechanicals (mainly the southern). The purpose of the trip was to show them the specific's designers who showed them the railroad shops. Incidentally, these shops are considered by almost all of the students as the finest in the country.
