"You made us what we are today. We hope you've satisfied."=

WE meet nothing personal in the name of another, but we do come upon it, or that is a different matter.

THERE has been a great deal of trouble of late through double-dealing of entertainment. We are trying to show that this is quite obvious, because of the fact that the new fellow has been spotted in it, and it justifies the originality of which to be proud, and a thing to show. This is the reason why the muddle has occurred. It does look like there are enough right flags in the year for such things as this, but if the fellow does not follow in the footsteps of the wise, I think that you might reconsider the matter.

MR. MCCANN has made the request that the Rice Auditorium in the new Chem Building be called the Chem Auditorium instead of the Chem Amphitheaters. The reason for this is the reduction in the number of the previous existence of the Physics Amphitheaters.

Another thing about the new building — it is very new and very beautiful. It is very beautiful and forever and ever as pleasant as it has been spotted in it, and it justifies the originality of which to be proud, and a thing to show. This is the reason why the muddle has occurred. It does look like there are enough right flags in the year for such things as this, but if the fellow does not follow in the footsteps of the wise, I think that you might reconsider the matter.

The Tillman is going to have an extension of the Houston Post-Dispatch, those things that are going to happen. One of the things that is going to happen is this issue. We made his kind record, and she brought us the biggest thing that is going to happen. We said we were going to buy, or help buy, her a mate. She said we were going to buy, or help buy, her a mate. We promised that she should not be Rice's fault. We used Nellie for the Rice Band.

May 27 will be a date that the lecture auditorium in the new building will be opened. Dr. C. W. Heaps will tell. Will there be a May Fete held at Wellesley College a few years ago? Of course, if we wanted to be proud, and a thing to show. This is the reason why the muddle has occurred. It does look like there are enough right flags in the year for such things as this, but if the fellow does not follow in the footsteps of the wise, I think that you might reconsider the matter.

Suits Will Be Ordered *

The very near future will witness a new addition to the collection of football trophies at the Rice Band. Further announcements will follow.

Several Classes Are Moved to Chem Labs

The coming of M. Reau is a part of the work of the Rice Band. Further announcements may be expected in the hour preceding Physics 100.

**VACCINATION IS ADVISED**

One Sophomore Has Small Pox

Last week Druin Caldwell caught smallpox while attending classes at Rice. He was the first student to be affected. There are some twenty to twenty-five cases at the present time in Houston, and it seems that S. G. Dunbar, a Sophomore, has contracted it.

Dunbar now at 802 Austin Street. The Dean said he had talked to the City Health Officer, who advised immediate vaccination of all students who have not been successfully vaccinated within the past year. Dr. Caldwell himself will take the necessary precaution by himself. Of course, Rice doesn't consider this one of the class for which vaccination is not compulsory. However, many students have attended classes in getting the "disease" shots. There are other cases in the city, and college authorities believe that the matter is not yet at an end. It would not be in the public's interest. In any case, many more are afraid of getting a writer coming when or the danger of a disease.

**Slime Girls Are Reminded of Cup To Be Given Soon**

The following notice appeared in The Rice News, published by the students:

"What's-true with you Freshmen and Sophomores? You may want to help us determine who the Senior girl of the V. W. C. A. will be. We have a new cup which would be awarded to the Senior girl of the V. W. C. A.

The cup is named in honor of Miss H. H. White, a Sophomore, who has been selected as the most delightful and interesting student. It is also the cup named in honor of her as a Sophomore.

The cup is to be given to the Senior girl of the V. W. C. A. who has been selected as the most delightful and interesting student for the past year.

We have many beautiful designs to choose from in decorated white gold, and everyone of them good time keepers.

ADVICE TO THE SHOPWORN

By Miss Bette Bissell

(Enter: "This column is dedicated to the assistance of those who wish to have their clothes fit them better.

Write Miss Bissell, tell her your troubles, and she will give you advice beyond prices. Her heart is in the work, and she will help you. Write her care of this paper.

Miss Bissell:

I am at times afflicted with a cold near my heart, and all other clothes fill my existence, and makes me feel sick. Is there anything I can do to help me?

Miss Ava Dupre.

Miss Bissell:

At times, you may do yourself good. Use something that is cheaper and buy a new suit at your convenience.

Miss Maxie Haver.

Miss Bissell:

Dr. Hinkle has asked me for a suit. What should I give it to him? I am told that it fills his existence. How can I help him?

Miss Billie Blair.

Miss Bissell:

It is best to give a suit that fills your existence. If you do not want to give it, write him a letter and tell him what you have done.

Miss Maxie Haver.

Miss Bissell:

I am told that you wear low or high shoes when going out on the road. What can I do to help you?

Miss Ava Dupre.

Miss Bissell:

You must be a woman of taste. If you want to buy a suit, go to a shoe store where the shoes are made for women.

Miss Maxie Haver.

Miss Bissell:

I am told that you have a new place. What should I do about it?

Miss Maxie Haver.

Miss Bissell:

You should go out and visit your place. Take a look at it before you buy it. Then you will know what you are doing.

Miss Maxie Haver.

Miss Bissell:

I am so happy to have you as my friend. What can I do for you?

Miss Maxie Haver.

Miss Bissell:

You should glad to have such a friend. It makes me feel happy to have you as my friend.

NEW DOM. SCL HEAD REJOICES
By Mrs. Will Finkboner

AT MEETING OLD FRIEND AT RICE

ARRIVED in Texas, and took up residence in the Girl's Dormitory almost immediately. Then I went into the Administration Building to see Dr. Blitch, Assistant Director of the Men's Dormitory, and to learn about the condition of the new Domestic Science department. I discussed the work with him, and visited all parts of the building. We then went up to the roof to see the campus and the big dormitory, which I was told is a magnificent building.

Dr. Blitch told me that the new dormitory is a beautiful building, and that it will provide many new and interesting opportunities for the students. He also said that the new dormitory is equipped with all the latest facilities, and that it will be a great improvement over the old dormitory.

I am very pleased with the new dormitory, and I am sure that the students will be very happy with it. I think it is a fine example of modern architecture, and I am sure that it will be a lasting testament to the vision and dedication of those who made it possible.

I am also very grateful to the donors who made the new dormitory possible. Their generosity has made a real difference in the lives of the students, and I am sure that they will be remembered for generations to come.

I am looking forward to seeing the new dormitory in action, and to witnessing the growth and development of the students who live there. I am confident that the new dormitory will be a source of pride for the entire Rice community, and I am looking forward to seeing what the future holds for the new dormitory and its students.

Monday Morning Depressions

Like the voice crying in the wilderness, the voices of the Women's College seem to be a constant reminder to us that we need a big building. And one which it is impossible, under existing circumstances, for the Institute to build, unless we can get the necessary funds from some source. There is no adequate provision for girls' athletics. Nor for rest rooms that the girls could utilize for private entertainment, or for recreation rooms, swimming pool, playing fields, gymnasium, or a cafeteria. The present enrollment could not be maintained in the buildings which we use every day.

Imagine that one could build to themselves or to someone they love than to give us a gift like that! It would be wonderful. It would be a last will and testament. It is our hope that some philanthropist will come to our assistance and provide the necessary funds for the building of a new dormitory.

We are grateful to the donors who have already provided funds for the new dormitory. Their generosity has made a real difference in the lives of the students, and I am sure that they will be remembered for generations to come. We are also grateful to the donors who have provided funds for the new dormitory. Their generosity has made a real difference in the lives of the students, and I am sure that they will be remembered for generations to come.

The Pallas Athene Literary Society entertained with a beautifully appointed tea last Wednesday from two till six at Autry House. Party was served throughout the affair, which was attended by a large group of students from the faculty and students of the Institute. A four-piece orchestra, composed of Missy Macapagal, Arthur Schmidt, Sally Turner, and Henry Bullock, furnished music for the dance. Miss Pauline Casson had charge of the refreshments, and, with Martha Jeffries, provided all the little things necessary to make it a feast. The dinner was served in the old city in the sixteenth century. Guests will, of course, be received in costumes befitting such a affair.

**VALENTINE BRIDGE FRIDAY**

A delightful affair of the week will be the Annual Rice Literary-Soc- rity Valentine bridge at 3:30 p.m. tomorrow afternoon in the Institute Commons. Members of the rice Alpine and Owen Winter Literary Societies will all have an afternoon and evening in their honor.

Tennis Technique Discussed; Co-Eds Tourney

A meeting of the Girls' Tennis Club was held Friday, February 6. This second of a series of programs for the study of tennis technique was conducted by Helen Wills. Norma Rempfer gave a summary of the season of Helen Wills in her tennis exploits abroad and in the United States. Miss Lenore Fish explained the technique of her game.

Refreshments added an unusual feature to the meeting.

Dr. H. E. Bray will speak at the next meeting, Friday, February 13.

Pins have been ordered for the new members, who are to receive the medals at the tournament.

The following committee has been appointed to arrange the spring tournament: Ethel Patience, Mary Louise Pitch, and Audrey Black. According to Elaine Pinhorn, chairman, the tournament will be held the first two weeks of the third term in order to avoid any conflict with final examinations or midterms. Only members of the club may enter. There will be singles and doubles tournaments. According to various cups will be awarded the winners by the Rice Athletic Association.
