OF "DEMOCRACY" IN CHICAGO AND RICE UNIVERSITY!

(Editors' Note--The following article was written by Dr. Joseph L. Spence, who in 1898, was at the University of Chicago, where he was a student. He was later awarded a degree and has since become a prominent lawyer and author.)

In the spring of 1898, Dr. Joseph L. Spence, a student at the University of Chicago, was asked to give a lecture on the topic of "Democracy." He accepted the invitation and delivered his lecture to the assembled students, who were enthusiastic and engaged. The lecture was a success and was later published in the university's journal. Dr. Spence went on to have a distinguished career as a lawyer and author, and his lecture on democracy became a classic in the field of political science.

FAIR ENOUGH!
The Thresher was a product of self-cooperation and hard work. We take this means of congratulating our fellow contemporaries on their newspaper.

Tonight's article is intended of attempting originality was well shown, and they are to be commended on that score. As

anywhere--

we ourselves declared, the contents of their paper were authentic and not imagination or exaggerations of fact. In addition, there were some interesting "features." All in all it was a good paper and well written.

This was the second co-ed edition of the Thresher. The original paper was written by a student who, after a year of writing, decided to continue the publication. It was successful and continued to be written by other students. The paper was a popular source of news and opinion among the students.

THE PRESS

OUT OF THE UNIVERSITY

Writers at the Institute have been asked to participate in the annual contests of the Texas Intercollegiate Press Association, which this year was sponsored by the University. A ready response is hoped for

Participants don't have to be members of the Thresher, although the press associations are held in the form of a contest. A good deal of writing is expected from the students, and the interest of the contest is believed to be great.

In writing the articles, the students are asked to write in the form that they believe is most interesting and effective. The articles will be judged on the basis of their content and presentation.

BLENNIS GETS VISIT FROM OLD

BLOOMING-THOROUGH

To Dr. Mary Flinn

Dear Dr. Flinn:

I am writing to you to inform you that I have received a visit from an old acquaintance. His name is Blennis, and he is a dear old friend of mine. When I was a young boy, Blennis and I used to play together and go on adventures. We had so much fun together, and I am so glad to see him again.

Blennis is a very kind and thoughtful person. He always has a smile on his face and is always ready to help others. I am sure that you will like him as much as I do.

Please write back to me and let me know how you are.

Sincerely,

Mary Flinn

SWEETHEART; ALSO VIILE THREAT

To Mr. Jack Glenn

Dear Jack:

I am writing to you to express my concern about your recent actions. I have noticed that you have been acting in a way that is not consistent with the values that we hold dear.

I believe that we should treat each other with respect and kindness. It is not fair to hurt others or to spread rumors about them. I hope that you will reflect on your behavior and make a commitment to be a better person.

Please write back to me and let me know how you plan to improve.

Sincerely,

Lula Huff E. Brewer
