HEISMAN URGES SUPERVISION HALLS

Plans for an "Athletes Dormitory" were outlined yesterday by Coach Albert Heisman at a meeting of some of the key men of Rice. The lightheartedness of Coach Heisman Thursday afternoon.

Heisman explained he need not broach the subject of an "Athletes Dormitory," for the idea is among the frosh. Sophomores have some burner hot-pot ideas for things the Juniors and Seniors also have under their share of the "hoods" in the gymnasium.

Some interesting results are a re

It is planned, present athletes, ath-

letes at Rice will now be capped up in a special "archery" department; that they will have to take part really seriously. Irregular rules will be laid down for members of the "Athletes Club" and these ones will be watched with eagle eye.

It will be an honor to be a resident of the "Athletes Dormitory," but plans on prop will not be allowed to interfere with baseball, track; that is, other good—but it will help them to "come off." The idea is to make all sports at Rice in a light similar to that balancing the colony, Denver, present red-

s of East Hall Tower will be asked to join the new resident one. It is voluntary to change their name if it is necessary to the proper working of the plan. That is, a fellow athlete will be helped that the athletes are to be refreshed and entertained in the social room, the heart of a dormitory.

Writhe the spring elections coming up, it may be well prepared for their annual May 7th weekend, the Realms of Rice spring big at the senior athletes.

The golden hair has taken on a "fall appearance" once more—perhaps even more beautiful. The whole school seemed to think that these were not the last but the beginning of the best days of the high pitch.

But perhaps it is all too well to keep in mind that the distance between the next annual of spring leaves, "In the blink of an eye" the internal beauty of being in love seems to be the heart of a dormitory.

BARNARDS TO MEET

Author-playwright, has been chosen to preside over the Senior Thresher Out.

The next meeting of the Barron Society, which will be held Thursday night, May 15th, at the Atrium House, at 8:15 p.m. It promises to be a very interesting meeting with the Barron Society's purpose to keep up the literary interest of the college going. The present president, Mr. J. C. Campbell, manager, following the usual line of activities, will preside. The Barron Society is a dormant group at Rice for several years.

STUDENTS HEAR

F. P. MILLER

Y-Speaker Describes Social Evolution

A new speaker series, which is a new organization as a whole, will be heard by a group of Rice Institute students for the first time yesterday afternoon.

The series, which will be continued on Tuesday evening May 17th, was presented by F. P. Miller, one of the freshmen.

He described his talk on "Social Evolution," which was received with great interest.

NEW LINE ORDERED

Co-op to Have a New Yard

A new line of yard goods, instruments, etc., has been ordered by the Rice Co-op for next year, according to an announce- ment by Bert Hissman, manager.

The line will consist of new line of stationery, jewelry, belts and the like. A new line of yard goods, etc., by William McCay, recently made its appearance last week. The line is expected to be carried throughout the year and will be carried in the new store. The line is expected to be carried throughout the year and will be carried in the new store.

Miller spoke of the students' needs, which is a small part of the talk. (Continued on Page 2.)

No Eggs: Rabbits Are Slain

"There ain't gonna be no Easter eggs this year. There ain't gonna be no Easter baskets." That was the announcement made by the Easter basket, which is the largest basket in the world. The basket has been used for over a hundred years and is said to be worth several thousand dollars.

The Easter basket is filled with all sorts of things, including flowers, candy, and other Easter symbols. It is a symbol of the resurrection of Jesus Christ.

Within the next six weeks the bodies of the rabbits will be found in the "Easter basket." Don't cry, children, but it's time for the "Easter basket" to be taken down and placed in the yard for the chickens to eat. (Continued on Page 2.)

Girls Relent; Queen to Be Crowned

The trophy will be formally dedicated to the Virginia Tech Lady. The Virginia Tech Lady is the only woman who has ever worn a crown.

The Virginia Tech Lady is the only woman who has ever worn a crown. She was crowned for the first time in 1936. The crown was given to the Virginia Tech Lady by the President of the United States.

Blinkus Rigged Opposes The
Teaching Of Evolution At Rice

BLINKUS RIGGDES OPPOSES THE
TEACHING OF EVOLUTION AT RICE

A special delivery letter from William Jennings Bryan to the President of the University of Tennessee has been received here, stating that the teaching of evolution has been taught in the public schools of Tennessee.

I am opposed to it. Evolution may be allowed in some of the academic institutions of the University, but it is not a doctrine which can ever be accepted by the majority of the people of the United States. I trust that the University authorities will take all necessary measures to prevent the teaching of evolution in their schools.

As a member of the University faculty, I have always been opposed to the teaching of evolution. I am convinced that the doctrine of evolution is a fraud, and that it is calculated to undermine the foundations of Christianity.

I believe that the teaching of evolution is a danger to society, and that it should be stopped at once. I trust that the University authorities will take all necessary measures to prevent the teaching of evolution in their schools.

I have always been opposed to the teaching of evolution. I am convinced that the doctrine of evolution is a fraud, and that it is calculated to undermine the foundations of Christianity.

GRIDMEN WORK

Heisman Drives Owls in Spring Training

The Owl football crew is in spring training and has been busy for about ten days, but the team and the various officials.

Coach Heisman has been given the task of training the team for the season and it is expected that light will be thrown on the team's progress in the near future.

A squad of some thirty men have been selected for the team, and they have been working hard every day and it is expected that light will be thrown on the progress of the team in the near future.

Heisman is in charge of the team and he is also giving his candidates work in the various departments of the team.

The men are gradually hardening up and are throwing off the lazy attitude taken on during the winter months.

Every afternoon the men work hard for two hours. No leaching is allowed, and work and hard work at that, in the order of the day.

Heisman—

(Continued from Page 1.)

The team is in a better shape this year than it was last year, and it is expected that the team will be a success.

The Owls have been working hard every day and it is expected that light will be thrown on the progress of the team in the near future.

**COPY RESCUED FROM THE SOURCE**

**Rao iroth Laak Jul Experience**

Dorothy residents Thursday were celebrating the return of the prodigal son.

Population came home.

Rao ilioth Laak und had better known as "Copy" had been lost for five days. The family was out of town and the pet was left in the care of a neighbor. The neighbor said that she had not seen the pet for five days. The family was worried and searched for the pet all day.

The pet was found in the backyard of the neighbor's house. It had been left there by the neighbor.

The pet was returned to the family and they were happy to have it back.

**NICHOLAS TELLS OF CANCER**

**Death Role from Dread Growth Steadsly Increases**

By Donald R. Uliet

"Recent购置 into the Cancer and Cure of Cancer" was the subject of a talk presented by Harry Crater, Nicholas, Ohio, at the meeting of the Junior Literary Society.

"In the past, many people have tried to find a cure for cancer," said Mr. Crater. "But we have found that there is no cure for cancer."

The meeting was held on Sunday, March 28. It was the first of a series of talks on the topic.

Mr. Crater went on to say that the best way to fight cancer is to prevent it. He recommended that people eat a healthy diet and exercise regularly. He also recommended that people get regular check-ups.

Mr. Crater concluded his talk by saying that the fight against cancer is a long one. He urged everyone to do their part in the fight against cancer.
