WILL WE UPHOLD THE TRADITION?

There has always been a petty well-grounded tradition that most of the students intimately connected with The Thresher bust out of school at examination time. Editors, business managers, and staff editors seem to have established the most brilliant record for scholastic failures in the past.

This change of management has served to free the readers of this august periodical from considerable variety in literature, which may have at times seemed very relishing.

Last year the editor and business manager were very lucky enough to securing such an administration in this department. They were able to catch fire on such a burning subject, as the journalism world.

The today in sight of all our desires to keep up good old traditions like this one, we have decided that we must depart from precedent in this respect.

All this is merely by way of announcement that this is the last issue of The Thresher for this term.

RICE AND HOUSTON HAND IN HAND.

The announcement from the Rally Club that Slim Line and his crew of punch-outers will venture out in the dead of night to splash up the streets of Houston—this as a help to Harris County in their drive to have all voters put their poll cards—should be viewed with pleasure by those who claim that Rice students are doing everything except Houston.

This announcement is particularly pertinent in light of the fact that Rice Institute and the city surrounding it is being gathered into an ever-swelling throng of students.

The announcement is also a very fitting one because it gives us a great chance to give the students a lead in the traditions of the school being few and its national position being small, but it is no longer to be doubted that a spirit of helpful friendliness exists.

"COP" COMES BACK AFTER ABSENCE

For the absconder of the Temple of the Student, the friend or what have you, has returned after a prolonged absence. This being Christmas, Cop was not very far from the Temple, but the absconding of Cop on Christmas is cause for rejoicing. It is a matter of some regret that he has not been longer around, and we suggest that those who are interested go out of their way to see how matters are going at the Temple.

We admire the helpful ness that has been shown in this case. The Temple is almost the only place where people have a chance to make a difference.

J. Holiday Clay should be getting his made on a certain amount of money for his services. He has been doing a lot of work and we wonder why Dr. Allison didn’t get a chance at the Temple.

MAJESTIC—There are plenty of shows in New York long enough to be the whole show. One can pull good plays out of them. Three who will especially impress us are Bryan Forbes’ "The Gentle Art of Love" and "The Snows Must Fall," the last of which was written by Penelope Mortimer, who does some clever dressing which grows on you.

The picture is good, as are also the reviews that say: "Eloquence, use, Public, Patience, etc., etc."

QUEEN—Norms Tumbridge, who has been a member of the Dramatic Club for some time, has come back to New York. She is now casting for the next show and won’t say anything about it. She will be here some time in February. She had a round of success in Chicago and is now casting for the next show in New York. She is the only one who has ever come here and she will be here some time in February. She had a round of success in Chicago.
