

Slaughter Predicts China Future World Power; Says Elements Evolving Already

SOCIOLOGY PROF DELIVERS SECOND OF LECTURE SERIES

Dr. J. W. Slaughter gave the second lecture in the series of sociology lectures on "The Contemporary World Power" on Tuesday, March 4, at 10:00 a.m. in the University Center, Room 110. The series is sponsored by the Rice Institute Student Association.

JUNIOR PROM IS ELABORATE, GAY FUNCTION

One of the greatest and most elaborate of the social events at Rice is the senior prom. It is held on Thursday night, when the cases of the senior class are cleared for the evening. The prom is in honor of the class of '27. Since Rice Country Club was build a few years ago, such events have become a part of the social life of the university. The prom is a time when the students can relax and enjoy each other's company. The prom is also an opportunity for the students to show off their best attire and have a good time. The prom is not only a social event, but also a chance for students to meet and mingle with each other. The prom is a time when the students can look back on their college years and remember the good times they had.

FRENCH GROUP WILL NOT JOIN HONORARY FRAT

Lou B. French, president of the French group, recently announced that the French group will not join the honorary fraternity. The French group has been active in the university for many years and has contributed significantly to the university community. However, the group has decided not to join the honorary fraternity because it does not believe in the values of the fraternity. The French group has a strong sense of community and leans towards a more intellectual aspect of the university community.

NEW History Prof Secured For Next Year

Dr. J. W. Slaughter also predicted that Rice will have a new history professor for next year. The new professor will bring a fresh perspective to the history curriculum and will help to modernize the department. The new professor will also be an asset to the university community, as he or she will contribute to the intellectual atmosphere of the university.

Shade of Richard Steele Visits Autry House

"Shade of Richard Steele Visits Autry House" is a book by Richard Steele. The book is a collection of essays and reflections on the author's life and work. The book is known for its insightful and thought-provoking commentary on a wide range of topics, from politics to literature.

The book was published by Random House in 1927. The book has been well-received by critics and readers alike, and is considered a classic of the genre. The book is available in both print and e-book formats, and is widely distributed through bookstores and online retailers.

BULLETIN

Just to price this Friday morning, the market seemed to be sitting on the fence. The effect that George "Tang" and "E. W." had on the market was negligible. The market was in a state of confusion with stocks selling off and bonds holding their own. The effect of the recent news on the market was minimal.

According to the report, the market was in a state of confusion with stocks selling off and bonds holding their own. The effect of the recent news on the market was minimal. The market was in a state of confusion with stocks selling off and bonds holding their own.

Student Suicides

The recent interview with Dean Caldwell on the subject of suicide among college students published by one of the daily papers, is most refreshing after expressions of some prominent clinicians and others of humanitarian spirit, often on the same subject.

With this in mind, comes news that Dean Caldwell points out that there are probably less suicides among college students than among non-college students of the same age and it is very rare to find the atmosphere such as upon those who commit such a fatal act. The fact that the young people who took their lives were attending college and were not committing suicide in their own homes, is something to be noted. There is nothing to do with their self-inflicted deaths, the latter in most of the cases being due to immediate circumstances.

Anyways with normal intelligence, it's wonderful to see all those things working. Yet the press is full of hollering about spiritual and moral decay growing out of the behaviorism, materialism, and mechanistic conceptions of the universe being taught in the colleges.

Exemplary surveys, those assumptions may be nothing but the false, and it is a piece of common sense to assume that we are not, that a certain type of student on coming into contact with the current of forces shall be drawn into a spiritual world and be dead to that ever-present confusion. What are we going to do about it?

Are we to hurl biology, psychology, anthropology, and comparative studies into the gutter in order to keep our student groups in the faith that they will sing in the choir. But where are these proper forces to be subordinated to. It is a simple conclusion of whether or not we are to hurl modern science to a Ignorant past, when the people fear the truth, let them stay away.

The university is the temple of truth and to enshrine any other god there is idolatry and profanation. You
time at a snail-like pace. Woven of dwelling and at the store on the street and at armlets. They are enforced by offices of the administration known as Proctors and are enforced ordinarily strict, were rather irksome at first, but after a year's service they are more tolerable.

The university has been known as aPlaces of Sin and Sinner. It is the very center of Godliness. The young people who took their lives were not cut out for college life. It was declared by listeners that the very college must be the church.

The prize is given annually by the Current Literary Club of Houston, Constitutional must be limited in four schools. March 12 is the usual date for acceptance.

Bouquets

The regular staff of The Thresher take this opportunity to congratulate the Rice co-eds, and particularly Miss Lura Duff and her colleagues, on the Owls Thresher which appeared last week.

There were some on the campus no doubt who were disappointed. It is true that it was not cut out for red ink as in former years, nor did it contain the definitive jokes at the main sex that previous issues had. Students today are not the same but, at the same time, it was well written and restrained.

Every newspaper is to recognize this degree of reflection the present age requires and the only way it can be done is by a faculty staff. It shall be feminine in tone. The issue that year was a failure, but, at the same time, it was well written and restrained.

The editors of journalism are those who know how hard it is to get out a good paper, heartily and unreservedly congratulating its editors.
FRESHMAN ELECTIONS RESEMBLE RIOT

AUBREY CALVIN OF HOUSTON ELECTED CLASS PRESIDENT

In one of the election results held in the amphitheater, Aubrey Calvin of Houston was elected president of the freshman class yesterday.

Calvin is a prominent freshman at Houston and has been a member of the university debate team for the past two years. He is expected to lead the class in its activities this year.

The election was held as part of a larger event where the university celebrated its 75th anniversary. The event was attended by the university president and other dignitaries.

The university's student body has been growing rapidly in recent years, and the election of Calvin as president is seen as a sign of the increasing influence of the freshmen class.

The university's history is rich with the stories of its students, and Calvin's election is another step in the continuous tradition of excellence.

Starr Speaks About Mexico At Open Forum

Dr. Starr, without the opportunity to travel outside his own country, spoke before a large and attentive group at an open forum held at the University of Texas Tuesday night.

After a brief introduction by Prof. H. W. Reed, Dr. Starr said: "In the first place, I am not qualified to speak of Mexico, having been born in Texas and having spent all of my life here. I have never lived in Mexico, and I have never traveled outside of this country.

"However, I have read a great deal about the country, and I have studied its history and its present condition. I have also studied the political and social problems that are facing Mexico today.

"One of the most pressing problems facing Mexico today is the question of the control of I'llutarco Calles. I don't know whether he will be successful in this endeavor, but I do know that he has the support of a large number of people in Mexico.

"Furthermore, I have read that Dr. Starr was to lecture on "Mexico Today." but rather traced his career with the overthrow of Diaz in 1911. Dr. Starr said that he felt apprehension about this country, that all would not lie well because the present day problems of Mexico, the regular open discussion took place.

Coach Pours It On In Grid Scrimmages

Coach E. K. Thomsen is requiring the spring training squad through a series of practices and scrimmages. The team is expected to make the Mexican government take action to make Mexico a better place to live.

SILENCE GOLDEN AT WRITERS’ MEET
A short story, recently printed in black veal, a play, and some native definitions in native languages were read at the past meeting of the Writers’ Society. The character had seen the world of mice was presented in a delightful manner. The audience was spellbound by the turn of events.

College of pending kicks your mind, the connotation was of immediate interest. The story was lovely, the plots were involved, the characters were well rounded and the conclusion of the story was truly a fitting end.

The central theme of the book was the exploration of an inner reality. The author had done an excellent job of portraying the inner world of the characters. The setting was a magical place where the impossible became possible and the ordinary was extraordinary.

GRANGER ROUGH CUT
Made for pipes only!

I've got a half-nelson on jimmy-pipe joy

I TOOK P. A. for better or worse, and found it better! Better than anything I had ever smoked. That's my story and I'm going to stick to it. When the brand's try to flog, I just give them the Frigidaire. I know what I like in a pipe, and what I like is Prince Albert!

The instant you break the seal on this top quality roll tobacco, you know you are in for a pipe-treat. Your mouth fairly waters for a taste of tobacco that smells as good as that. Then you load up and light up—all. Cool. Sweet. Fragrant. Old words, I'll admit, but you get a brand-new idea of how much they can mean in a pipe-bowl packed with P. A. Can do things. No doubt, the greatest problem facing the pipe-smoker is how to smoke Prince Albert... it's too much.

HARRIS-HALHO COMPANY

THE GIRL OF TODAY CAN DO THINGS
Whether it is getting out an issue of the college paper... running a motor car... or arranging a business luncheon... the girl of today can do anything.

This largely accounts, among other things, for the rapid and steady increasing number of young women who depend upon Harris-Hhalho for their clothes.

Jobs and clothes are not one and the same. Let us suggest to you that you come in and see some of the many beautiful things we have on show. You can do this without being under any obligation, whatsoever, to buy.
