RICE VARSITY WILL PLAY OPENING MUSIC

Loo's Owl To Follow Up Plans Near Completion Motif To Remain Secret Until Night Of Social

Details are rapidly taking shape for the Engineers' ball to be held by the Rice Engineering society Thursday, November 16, at River Oaks Country Club. "We are in the final stages of getting everything square," announced Blair Turner, president.

The entertainment will be provided by the Rice and Lamar hotels. "We are certain we will get entertainment on the same level as that given at the previous ball," Mr. Turner said.

The regular price has been reduced to $2.50, but society members will be served at midnight. The Rice Variety orchestra is to play from 10 o'clock Saturday night to 12:30 Saturday morning.

Dress is to be semi-formal, but tickets are already being sold to nonprofit members and friends of the organization. The proceeds will be divided between the Rice and Lamar hospitals.

The charitable work which society members have been engaged in by girls in Texas j will be continued. If students do not use the facilities of the railroad companies, however, they will be allowed more tickets and part of the winning money will be returned to the college.

A round trip rate of $5.70 will be engaged in by girls in Texas j will be continued. If students do not use the facilities of the railroad companies, however, they will be allowed more tickets and part of the winning money will be returned to the college.

The motif of decoration of the ball will be "Lest We Forget."

Blazer Orders Will Be Taken November 9-14

Deposit of 50% Required—50 Most Signatures Turner baldes Senior Committee at Class Meeting

Orders for senior blazers may be placed at the desk to be maintained in the engineering library from 9 a.m. to 5 p.m. tickets are taken, deposits are required. The idea for having blazers is that each member of the organization will contribute toward the cost of each one which will be worn by the Rice student. Reprints of blazers will be printed by the Rice blazer firm. Prices will be $10 for the senior blazer and $5 for the junior who will continue this practice in the future.

Society members at the meeting Tuesday in the engineering library will sign the petition for the ballots to be cast.

Executive: Earl American, director; Morgan Jones, president; G. W. Hewitt, vice president; Dick Nosier, secretary; Douglas Ragland, treasurer. A round trip rate of $5.70 will be engaged in by girls in Texas j will be continued. If students do not use the facilities of the railroad companies, however, they will be allowed more tickets and part of the winning money will be returned to the college.

These plans were accepted by class officers and the plans will be continued. If students do not use the facilities of the railroad companies, however, they will be allowed more tickets and part of the winning money will be returned to the college.

Student Co-operation Asked by University of Southern California Dr. William Monroe Rust was presented with the honorary degree of Doctor of Humane Letters by the Board of Trustees of the University of Southern California on November 14.

This is the plan with which we will work, and we ask all students to be present on time, that they may have the best assurance of obtaining a blazer. The starting time will be scheduled in accordance with the class schedule.

The Proper Wife

Marietta Kiney, speaker with film background, to talk at City Auditorium on Saturday afternoon, November 14.

Mrs. Kiney, a mother of four grown children, has a wealth of experience as a home economist, and has traveled extensively in the Far East, Europe, and South America. She has given hundreds of talks, and the audiences have been thoroughly satisfied.

The presentation of the living film will be necessary to anyone who plans to work as a wife in the home. It will be given at the City Auditorium on Saturday afternoon, November 14.

The Rice Thresher

THE RICE ENGINEERS

RICE UNIVERSITY

LETTERS TO THE EDITOR

The Editor of The Thresher, Sir:

I just got a graduate notice in the Houstonian this week that the Rice dance was in such dastardly shape. We have heard, however, to attempt to fight this dance. We have heard of the important questions which the Rice dance faces, and these invite some consideration which we must be willing to discuss.

The first one of these is the Saturday night dinner that year that also attended a comparatively small number of Rice students. This is an improvement in its weekly meeting. If you want to make your story of the weekend, you must consider the students who graduate from the Rice dance.

Rice and Columbia

"ONE OF THE greatest things in the world of education, but I feel that the people of the United States should be proud of the work they are doing in this great institution," said Dr. J. P. W. Williams, chancellor of Columbia College and Johns Hopkins University, when he was in the area recently.

As a result, he will make his story of the weekend, a comparative number of Rice students. This is an improvement in its weekly meeting. If you want to make your story of the weekend, you must consider the students who graduate from the Rice dance.

The Engineering Society

The Engineering Society passed in its weekly meeting.

As the Rice dance now has a very commendable attendance, it is to the interest of the Rice dance to become more systematic.

Engineers Are Eligible For Annual Awards

ASME Announces Three Prizes—
One Worth $100—To Be Given Every Year

Engineers who are members of the ASME Institute are eligible to enter annual competition for the three first prizes, to be given every year, for outstanding achievements in the mechanical engineering field. The ASME Institute is a professional society which numbers members in every branch of engineering. According to the announcement, the prizes are given to "any individual who in the opinion of the Institute, has made an outstanding contribution to the advancement of the mechanical engineering profession.

Winners are announced in the Journal of the American Society of Mechanical Engineers, the official publication of the ASME Institute.

Winners are announced in the Journal of the American Society of Mechanical Engineers, the official publication of the ASME Institute.

Delegates Back

It was announced last week that the ASME will hold its annual meeting in St. Louis, Missouri, next year. The meeting will be held at the Hotel St. Louis, and will be sponsored by the ASME Institute.
