Sunday Schools Show Increase In Attendance

Parties and Pleasure Trips to Follow in Remaining Year of Spring Term

The Sunday schools are expected to show a general rise in attendance with the increase of many meetings and pleasure outings planned by the various organizations.

At St. Paul's Methodist church the attendance in the first three months has been averaging about 40 members. A large increase has been planned for the remaining months. On April 13 the class at the First Methodist church will have a party to follow the meeting.

Edith Simpson of Central Presbyterian church will give a similar party at the Central Presbyterian church.

There are 20 Sunday school attenders at Central Baptist while other Baptist churches report a slight rise in attendance.

A large crowd is expected to attend the "Rice Tiger" dance to be held at the University club on Thursday evening. A large number of students will be present for the entertainment.

The entertainment committee has decided to have the Rice Tiger dance on Thursday night, according to Miss Lynne Bishop, chairman of the entertainment committee.

The chairman of the entertainment committee is Miss Lynne Bishop, and she has been assisted by Misses Martha Blank and Wacky Bishop.

Rice is more that holding its own in different sports this spring. Last Saturday the Owls showed some real spirit in the touch meet with the Texas Aggies. Rice was doing well in the running events and the team scored well in the relay races. The Owls are still in the running for the conference championship and will have to be at their best in the meet with the University of Houston.

And speaking of sports, did you know that there is a Southwest conference rule prohibiting girls from participating in track or field athletics? In other words, a Rice girl who runs 100-yd., 440-yd., 880-yd., and 1 mile in a track meet will not be eligible for any games involving the same events in any other college in the conference. This is unfair, but boys may enter any event and all events will be run. (Continued from Page 1)
